Lubricant Plant to Be Built Here

Palestine Partition Supported by U.S.

By Clyde Blackburn

LAKE SUCCESS, Oct. 11.—(CP)—Herschel Johnson United States delegate, today told the United Nations his country supports "the basic principles" of Palestine partition and is willing to participate in a UN effort to assist the Jews and Arabs in settling the Holy Land problem.

The long-awaited American statement of policy on Palestine fell far short of the detailed presentation and basis for further discussion most delegates had expected.

Johnson made no reference to reports of Arab forces massing on Palestine's border. The reports are interpreted here as a sign of Arab determination to carry out their threat to give the Middle East a blood-bath if partition of the Holy Land is attempted.

HE SAID IT MIGHT be necessary to establish "a special constabulary or police force" under the UN to maintain order but foresaw no violations by any UN members of their obligation to refrain from force or threats of force.

The Palestine special committee room was packed with delegates and observers tensely awaiting the United States pronouncement in expectation of a guide from the major power whose people have been intensely interested, and individually participants to some degree, in the Palestine drama.

It was a brief and carefully-worded statement, leaving many questions unanswered and skimming over the current tragedies associated with the attempts of Jewish people to force entry into Palestine, the details of the special commission report recommen-

Imperial Oil Plans Refinery Auxiliary

In addition to the $7,000,000 to $12,000,000 petroleum refinery expected to be built and in operation here next year, Imperial Oil Limited plans to build a $3,000,000 to $4,000,000 lubricating plant as a supplement to the 6,000-barrel refinery, according to an announcement by president of the company H. H. Hewetson.

He could not say definitely when construction would begin on the lubricating plant, because at present, all endeavors were being concentrated on establishing the refinery at its Clover Bar site.

A few of the dismantled components already have arrived in Edmonton from Whitehorse, where the refinery, part of the U.S. government's $135,000,000 Canol project, was bought for $1,000,000.

IN A PREVIOUS interview, Mr. Hewetson ventured the view that the petroleum potential of the Leduc sector of the Edmonton oil-fields might run anywhere from 50,000,000 to 100,000,000 barrels.

Quality of the Leduc crude places it among the world's best and its specific gravity remains high and fairly constant at from 40 to 41. Some opinions expressed in oil circles have said the non-sulphurous Leduc crude is better than that produced from the fields of Pennsylvania, which has held a foremost place in the lubricating quality of its petroleum crude.

Imperial makes a small amount of lubricants at Vancouver, but its private market is supplied from the company's plant at Sarnia.

The new Edmonton plant will be capable of handling the market for the western provinces, it was understood.

Mr. Hewetson and an accompanying party of directors will leave Monday by company plane for Vic toria on a staff-familiarization tour.

Big Five Included

Name UN Committee To Police Balkans

By Clyde Blackburn

LAKE SUCCESS, Oct. 11. — (CP) — A United Nations committee of 11 members including the five major powers was set up last night to do an on-the-spot job of bringing peace to the Greek-Balkan border.

BUT IT FACED from the outset the unrelenting opposition of Russia and her satellites, three of which have been charged with main responsibility for the trouble.

By an overwhelming vote the political committee named the following countries to the committee which will be charged with aiding and ensuring restoration of harmony between Greece and her northern neighbors:

Australia, Brazil, China, France, Mexico, The Netherlands, Pakistan, Poland, the United Kingdom, the United States and the Soviet Union.

The vote on the membership came after Canada's J. L. Ilsley spoke in favor of putting the Big Five on the committee, even if Russia objected.

HE ARGUED THAT the committee should include Russia and Poland on an "if, as and when" basis, an that if they relented from their boycotting attitude they could take their seats.

Russia and her satellites remained strictly on the sidelines in the voting on final decision to go ahead with the committee and on its composition.

Andrei Gromyko, however, told the committee there was no change from the Russian decision announced Thursday and seconded by most of the Slav nations, to boycott the Balkan committee in its every phase.

Thus the original United States resolution will promptly and comprehensively to restore peace to the Balkans was near its complete adoption although with slight degree of success if the Russian-led opposition is maintained.

Cost of Living To Climb Higher

OTTAWA, Oct. 11.—(CP)— Finance Minister Abbott predicted last night that Canada's official cost-of-living index, now at 139.4, might rise as high as 145 and said it now was "pretty well recognized" that the post-war period would remain higher than that of the pre-war period.

Returning from financial talks in the United Kingdom, he told a press conference that a recent jump in the cost-of-living had been expected because Canada must stimulate her economy "entirely" from price developments beyond her borders.

"How long our cost-of-living will continue to go up will depend mainly upon developments south of the border," he said.

Mr. Abbott said he expected the cost-of-living index would go up "another couple of points" and that it might settle somewhere between 140 and 145. If it remained around that position, he would consider the situation "pretty good."

Baby Abduction Suspect Remanded

TORONTO, Oct. 11. —(CP)— Charged with abducting one-month-old Lois Susan Hughes from a carriage on a downtown street, Mrs. Doreen Curry, 21, was remanded a week when she appeared before Magistrate F. C. Gullen today. Crown Attorney James McFadden who asked for the remand emphasized that the charge was abduction, not kidnapping. The woman was brought back to Toronto after being found in Havelock, Ont.

Rationing of Coal Ordered in Strike Crisis

Communists Charged in Plot to Paralyze Chile

SANTIAGO, Chile, Oct. 11 —(AP) — President Gabriel Gonzalez Videla ordered drastic coal rationing today as Chile dug into the armed forces' fuel reserve in a strike crisis blamed officially on a foreign - dictated Communist plan "to paralyze any Chilean action in defence of hemispheric security."

While the president reiterated his "unbreakable intention to eliminate Communist control over the working masses," the Chilean Communist party called for United Nations consideration of the situation, developing from Wednesday's expulsion of two Yugoslav diplomats on charges of "Communist agitation."

With a strike of 16,000 coal miners in its eighth day, an official reports from Concepcion, in the centre of the coal fields, said only 50 had returned to work. The miners are asking for higher pay.

THE PRESIDENT declared that refusal of the miners to obey orders to go back to work despite an "advantageous" wage grant was confirmation of the "political and revolutionary character" of the work stoppage.

Four more alleged Communist agitators were arrested, bringing to nearly 50 the number mailed or transported to chilly Tierra Del Fuego in the far north.

In a statement issued by its politburo, the Chilean Communist party declared "in the presence of the extremely grave accusations" made by the government the Communists request appointment of a commission of outstanding persons to investigate the facts.

"Since the incident acquired

(Continued on Page 2)

Plans Seek Boost Wheat Payments

SWIFT CURRENT, Sask., Oct. 11.—(CP)—As soon as Parliament meets he will ask for an increase in the participation payment on wheat, Agriculture Minister Gardiner said here last night.

"The grain exchange will criticize, but I would rather listen to the farmer organizations than the grain exchange," Mr. Gardiner said in addressing a meeting at which he discussed Canada's wheat policy.

"It is a system that the farmer himself is financing, and it guarantees him years in advance what the result will be." He was not in a position to say what the suggested increase in participation payment will be.

Mr. Gardiner said Canada's contract to supply Britain with wheat means that the Dominion's wheat farmers, even faced with short crops, were in a better position than Americans with a bumper crop or Argentine growers who command high prices.

The Canadian grower will receive at least $1.55 a bushel, basic Fort William, for what he sells in 1947-1948. He will receive a participation payment of 18 cents on the quantity marketed in 1946, and at least 20 cents per bushel in lieu of wheat delivered in 1945 or 1946.

Outlook Still Gloomy

Home-Building Costs Climb Across Canada

OTTAWA, Oct. 11.—(CP)—Central Housing and Mortgage Corporation told Canadians flatly last night that house-building costs were still going up in Canada, that it was taking longer to build a dwelling and that the future prospects were that more and more families would be clamoring for homes.

THAT WAS THE somewhat gloomy outlook the government's home-financing agency gave in its quarterly summary of housing in the Dominion and it said that actually house-building for the first half of this year was behind the home-building activities across the Dominion in the same period of 1946.

The one bright spot in the report was the disclosure that production of 10 selected building materials during the first half of this year showed a substantial improvement over 1946 output levels for the same period. The most impressive gains were for bath tubs—32 per cent higher—and cast iron soil-pipe — 25 per cent higher.

But the corporation qualified even this with the statement that

Supply Plane Off Today

Await Word Arctic Rescue

By PAUL MOLLOY

CORAL HARBOR, N.W.T. Oct. 11.—(BUP)—The saga of a daring rescue venture in the uncharted wastes of the Arctic Circle was being continued today while word was awaited on the whereabouts and safety of a four-man rescue team and a dangerously wounded Church of England missionary.

A quartet of parachutists which dropped on lonely Moffat Inlet a week ago, today, and partially paralyzed Canon John H. Turner had been expected to arrive at Arctic Bay, inside the Arctic Circle, last night. But it was not known today

(Continued on Page 2)

if they had left the bleak and wind-swept inlet.

Meanwhile a Royal Canadian Air Force plane was scheduled to take off from Churchill, Man., today for Coral Harbor, on the first leg of a hop to Arctic Bay. After refuelling, the plane will force tomorrow for Arctic Bay where it will drop further supplies for the rescue team. Among the items requested by one of the parachutists, Capt. Ross Willoughby, an army doctor, was a scalpel.

Canon Turner was accidentally shot in the head last month and is partially paralyzed. His condition was described earlier this week as "fair."

Strike Leaders Defy Quebec Labor Laws

By The Canadian Press

Leaders of the striking United Packinghouse Workers of America (CIO) in Montreal are standing by a promise to "defy the labor laws of the province" if they are asked and to supply "plenty of action from now on."

THESE DECISIONS were reached last night at an emergency meeting of strikers when it was decided to push the four-week strike to the limit of all local packing plants which were reopened two days ago by Canada Packers Limited, Wilsil Limited and Modern Packing Limited.

To conform for the time being with an interim injunction granted by the superior court prohibiting picketing, the union has indicated that it will change its strategy from "outright picketing to staying

Lord Oaldecote Dies

GODALMING, Surrey, England, Oct. 11.—(AP)—Lord Oaldecote, 71, died today. The former Sir Thomas Inskip was lord chief justice of Ireland and subsequently served as leader of the House of Lords, solicitor-general, attorney-general, minister of the coordination of defence, secretary of state for dominion affairs, and lord chancellor.

At Sex Murder Trial

Youngster's Shooting Is Claimed Accident

WINNIPEG, Oct. 11.—(CP)—George Robert Smith, 13-year-old victim of what police allege was a sex slaying, instead was shot accidentally, a statement by the youth accused of killing him claimed Friday.

MICHAEL ANGELO Verzis, 22, of Port Arthur, charged with slaying both Smith and Roy McGregor, also 13, sat motionless in the dock while a statement he allegedly gave to police when charged with the revolver-killings was read into the court record.

Crown Prosecutor O. M. Milkay, having succeeded during the morning session of the preliminary

Finance Minister Says:

Canada Cannot Make Further Credit Loans

By Ross Munro

OTTAWA, Oct. 11. — (CP) — Finance Minister Abbott emphasized here last night that Canada cannot make any further credit loans abroad but said he believed that Canadian productive capacity would have to be a factor in any effective implementation of the proposed Marshall aid-to-Europe plan.

AT A LARGE press conference held a few hours after his return to Ottawa from his trip to Europe he also predicted that the Canadian loan to Britain of $1,250,000,000 would not be exhausted for another year or 14 months and said that the British, who understand the Canadian credit position, have not made any request for a further loan.

He said Britain would put forward very effort to increase her exports to Canada particularly in such goods as textiles and the British, he added, recognize that they must lower their prices.

Partially on question on the Canadian dollar crisis and policy to be followed in coping with it he again explained the Canadian position and said that no approach has been made to the United States for a loan.

BUT HE GAVE no hint as to what action the Canadian government is going to follow. He merely said that he was going to make a full report to the cabinet next week on all these questions.

Replying to queries on the Marshall Plan proposal, Mr. Abbott said:

"It doesn't seem to me that any Marshall Plan can be fully effective in the interests of the United States and the other countries unless some method can be found to utilize the productive capacity of other countries in the Western Hemisphere. It is in the interests of all that all productive capacity to be used."

Still Hope Avert Coast Tram Strike

VANCOUVER, Oct. 11.—(CP)— Hope of averting the proposed strike of 2,000 street railwaymen still was held last night following a provincial labor department announcement.

Deputy Labor Minister James Thomson reiterated his offer of appointing an industrial inquiry commission or a sole commissioner, should he be requested to do so by both the company and the union.

Final plans for the strike, voted for in two days balloting, will be made at separate meetings in Vancouver Monday, New Westminster Monday and Victoria Tuesday.

Union president Lloyd Kasler said: "The union is still ready to negotiate, but it will have to be on the basis of our original demands."

"When we go on strike now, it's total war; let the chips fall where they may."

Reserve Judgment Freight Rate Plea

OTTAWA, Oct. 11.—(CP) — The Board of Transport Commissioners yesterday reserved judgment on a motion by seven provinces for suspension of competitive freight rate increases of 30 per cent being put into effect by the Canadian railways Nov. 1.

This decision was announced at the conclusion of five days on argument on the motion, which stated that the advances be withheld until the board has delivered judgment on an application now under study for a 30-per cent increase throughout the entire freight rate structure.

The railways withdrew competitive rates—those which may be raised or lowered to meet competition from truck and water carriers from the main application following the treaty until that is done.

The argument concluded J. L. Ralston, K.C., counsel for the Maritime provinces, held that the railways always were subject to the provisions governing the jurisdiction of the board and said the contention of the railways that the board has no jurisdiction over competitive rates was "completely unfounded."

He said the Railway Act made it clear that the board had the power to disallow any tariff which it considered to be unjust or unreasonable or contrary to the provisions of that statute.

Still No Agreement On Austria Treaty

VIENNA, Oct. 11. — (AP) — The four-power commission to draw an Austrian peace treaty formally ended its deliberations today, no closer to agreement than when it convened five months and 85 meetings ago. The delegates of Britain, the United States, France and Russia signed a report for the council of foreign ministers, which meets in London Nov. 25. A United States spokesman said there would be no further consideration of the treaty until that time.

BUBBLE BACKFIRED

CLIVE, Alta. — (CP) — W. J. Stevenson, owner of a general store here, recently undertook to demonstrate a newly-arrived stock of bubble gum to a group of children. Everything went off smoothly, including the blowing of the big bubbles, until he noticed the substance adhering to his moustache. He sold the gum — but it cost him his moustache.

Chilean Crisis

(Continued from Page 1)

international character and the intervention of President (Juan D.) Peron (of Argentina) has been asked, it is logical and convenient to take it for consideration before the only international organization juridically qualified to examine the problem — the United Nations," the Communist statement said.

THE GOVERNMENT expelled the two Yugoslavs, Andref Cunja, former Yugoslav charge d'affaires here, and Dalibor Jakasa, secretary of the legation in Buenos Aires, Wednesday night, accusing them of fomenting, on orders of an international Communist organization, a campaign against the United States and inter-American solidarity through strikes and sabotage.

(Both were reported in Buenos Aires today "in the custody of Federal police" but not under arrest. Diplomatic sources said it could be taken for granted they could be declared persons non grata by Argentina. One Argentine official said earlier they would be asked to leave the country if they did not do so voluntarily.)

Yugoslavia Breaks Chile Relations

BELGRADE, Oct. 11.—(AP) — The Yugoslav ministry of foreign affairs announced today that Yugoslavia had decided to break off diplomatic relations with Chile.

A foreign office statement declared that Chile's claims against two Yugoslav diplomats expelled by the Chilean government Wednesday constituted a "most fantastic slander against our government."

The statement charged Chile with breaking the most basic principles of international relations."

It said the Chilean action against the two Yugoslavs—Dalibor Jasasa, secretary of the legation at Buenos Aires, a visitor in Santiago, and Andref Cunja, former charge d'affaires in Santiago—was "a part of a planned campaign, not in the interests of the people of Chile, but in the interests of expansionistic tendencies of certain powers which more and more are directing the internal and external policies of Chile."

Murder Hearing

(Continued from Page 1)

hearing in having the statement admitted as an exhibit, read the document in the afternoon.

Earlier evidence was that the Smith boy's clothing had been disturbed.

Within months of one another, the two brutal killings terrorized Winnipeg. Children were kept off the streets at night, late entertainments were banned and parents even escorted their youngsters to and from school.

IN THE STATEMENT Vescio said that the night of Sept. 18, 1946, when young Smith was killed, he had been drinking and had tried to find a taxi.

He said he saw three boys on the road behind him, two together and one off by himself. When one boy came up behind him, Vescio said he grabbed him by the arm and asked him the time.

"He said it was 9:30 or 10 o'clock. Then I let him go—I hollered at him to stop . . . he asked me what I wanted."

Vescio said he asked the boy if his father had a telephone. The boy replied that he had, but his father did not want drunks in his home. The accused said he got mad and grabbed the boy.

"I POINTED THE gun . . . I told him to be quiet. He started to cry and asked me not to hurt him."

Vescio told of taking the boy down a back lane towards a house under construction.

"As I walked across the land I slipped on some mud . . . I had my hand on his shoulder . . . he started to run when I slipped, ripping his clothes off . . . I lost my balance and slipped on the clay and the gun went off."

The statement continued: "I went up and touched him and felt blood on his back . . . I dragged him to the road."

Rocket Range

(Continued from Page 1)

site, has become Australia's latest boom town. Convoys of heavy road-making plants and trucks laden with range equipment daily congest its streets. Business houses are doing a roaring trade, particularly during week-ends when there is a heavy influx of workers.

With a mean rainfall of less than five inches a year, the area is a most inhospitable region. It dips down from a stony tableland and in many parts is no better than a maze of treacherous-looking salt pans.

SELECTION WAS influenced by its proximity to railway and industrial facilities and because it is less than 100 miles from the 250-mile Morgan-Whyalla water pipeline.

During the last four months an RAAF construction unit has almost completed an airfield capable of taking large freight planes.

Prefabricated timber houses and huts to provide for about 600 families at a new township to be established at the rangehead are being sent north in steadily increasing quantities.

It is proposed to limit the range to a point short of the Central Australian aboriginal reserve and until control is perfected only non-explosive missiles will be fired.

ELABORATE precautions are being taken to prevent leakage of information about the experiments.

Less than 200 miles to the northeast are the Mount Painter uranium deposits, which may become Australia's main source of atomic power. Their proximity to the rangehead may be coincidental, but the ultimate interdependence of the two undertakings would be of the utmost importance.

Use Hypnosis During Birth Baby in U.S.

BALTIMORE, Oct. 11.—(AP)—Birth of a baby boy to Mrs. Margaret Krebs Petrik, 22, under hypnosis, was confirmed yesterday by Johns Hopkins hospital officials, who said it was the first planned clinical use of hypnosis in an obstetrical case at Hopkins.

No anaesthetics were used except a small amount of novocaine immediately before delivery.

Mrs. Petrik gave birth to a five pound, 10-ounce baby after being hypnotized by Dr. Harold Rosen, Hopkins psychiatrist.

"Hypnosis is only one of a number of agents and procedures that can be used in obstetrics to lessen pain and anxiety," Rosen said. "It should be carefully limited to suitable cases."

Youngster Dies Underneath Truck

CALGARY, Oct. 11.—(CP)—Alice Layland, 5, was instantly killed at 5:05 Friday when she ran into the path of a two-ton gravel truck while returning from school to her home near the northern outskirts of Calgary. A six-year-old companion was uninjured.

Defy Labor Laws

(Continued from Page 1)

away from work with a skeleton group of strikers on watch at various street corners near the plants to find out the names of the strike-breakers."

MEANWHILE, officials of the three companies which re-opened their doors Thursday when only a handful of workers showed up, said last night that the move is "gathering steam" and that a much larger group reported to work yesterday.

The firms reported that the greater number of willing workers was probably due to the move of 140 city and provincial policemen who cleared up all pickets from streets adjoining the main plants.

Hon. Horace Wright, minister without portfolio in the Prince Edward Island government, announced last night that "a great many" applications had been received for jobs in the government-seized Canada Packers plant here.

AN ORDER-IN-COUNCIL Thursday branded strike action illegal in connection with the packing-house labor dispute here involving 70 men, members of the United Packinghouse Workers Union (CIO).

The plant was taken over by a government order-in-council more than a week ago and non-union workers have been used to keep the plant operating.

Antonio Barrette, Quebec labor minister, announced last night the provincial labor relations board had cancelled the certifications of two locals of the International Fur and Leather Workers Union (CIO) as bargaining agents for the employes of 17 firms in Montreal.

Premier Ernest Manning said that no developments in the packinghouse strike were expected for several days. The premier was in Calgary on Friday conferring with officials regarding the strike.

In the meantime the strike of 200 workers at Gainer's Ltd. plant on the South Side will not go into effect until Tuesday as the plant normally closes on Saturday and as Monday is Thanksgiving Day and a statutory holiday.

Christian Science

"Are Sin, Disease, and Death Real?" This question will be dealt with in the Lesson-Sermon at Christian Science churches Sunday. Following are typical passages which will be read: "Verily, verily I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father." (John14:12) "Our Master cast out devils (evils) and healed the sick. It should be said of his followers also, that they cast fear and all evil out of themselves and others and heal the sick. God will heal the sick through man, wherever man is governed by God." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, pp. 494, 495).

Housing

(Continued from Page 1)

"records of sales and stocks show that the building industry continues to press on available material supplies" and that "despite the gains in production there is little evidence that stock piles are accumulating."

COST OF HOUSE-building in Canada at the end of June was an estimated 11 per cent higher than at the beginning of the year. This estimate was based on a 16-per cent rise in wholesale prices of building materials — unprecedented since 1920 — and an estimated seven per cent over-all increase in average hourly wage rates paid building workers during the period.

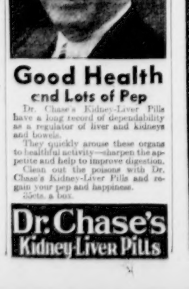

Completions of dwellings reported in metropolitan areas and municipalities of 5,000 population and over totalled 11,289 in the second quarter of 1947 compared with 6,309 in the first quarter. But the total completion for the first seven months of this year stood at 21,364 and the corporation said that in view of the fact that 27,388 dwelling units were under construction in these areas at the beginning of the year, "this completion rate indicates a lengthy construction period for the average Canadian home."

DWELLINGS STARTED during the first half of this year preceded at well below the 1946 rate. In the same metropolitan areas and municipalities, the number of starts reached a peak of 7,393 in May and totalled 24,875 for the first seven months of the year. Although there was no comparable date for 1946, the corporation reported units for which residential permits had been issued in 204 municipalities for the first half of 1947 numbered 17,824 as against 26,723 in 1946, a decline of 34 per cent.

Going into population trends with its future effect on housing demand, the corporation found that "the high rate of net family formation that developed during the war years is continuing."

Army Plans Grant 6,000 Commissions

OTTAWA, Oct. 11.—(CP)—More than 6,000 commissions in both active and reserve forces of the Canadian Army will be available to members of the Canadian Officers Training Corps during the next four years, Defence Minister Claxton announced last night. The Canadian Officers Training Corps, embarking on its 1947-48 fall and winter training program, at present is the chief supply source of officer material for the post-war army. Enlistment in the corps is open to all students of Canadian universities having authorized COTC contingents.

City Firemen Extinguish Blaze in Home After Brief Fight

Above picture shows firemen extinguishing flames on the roof of a house at 10309 96 street. The fire broke out early Friday afternoon and damaged, besides the roof, the walls, ceiling and floor of one second floor room of the house. Also badly burned in the room were two mattresses, the bed, a dresser and two chairs. The house is owned by Mrs. Kay Marko who was away at Holden when the fire occurred. The room in which the fire broke out has been vacant for sometime. —Photo by Bland

Gets 3 Months for Forgery

A step-son was the complainant who sent his step-father in jail, and court was told Friday that had the former known the culprit was going to turn out to be his step-father he never would have brought the police into the case.

This did not save Harry Adamic, Edmonton, from a three-month prison term following his plea of guilty to a charge of uttering a forged document.

Detective Jack Cookson, said that in the latter part of August the step-son sent a cheque for $59.44 home to his mother to keep for him. When he came home reeently he asked for the cheque and his mother could not locate it. The step-father, it was pointed out, was present during the discussion.

Police investigated and found out that the cheque had been taken by the step-father who cashed it after having his step-son's name forged on it. Adamic said he did not want to speak about taking the cheque to the step-son while in front of his wife. The magistrate pointed out that he could have found time at a later date. Restitution of the money was made in full. The accused's record showed a previous conviction for forgery.

* * *

Boris Schegosky, no fixed abode, was committed for trial in supreme court on a charge of being in possession of a radio stolen from a rooming house. Police found the radio in Schegosky's room while investigating a complaint. The accused's wife is alleged to have told police that her husband stole the radio.

* * *

Two women charged with second offences of intoxication were each fined $300 and costs or three months imprisonment.

Visiting Speaker Says:

Soviet Aim in Greece May Wreck Whole UN

Destruction of the United Nations and a deterioration of even the present uncertain international relationships will be the inevitable result if Soviet Russia persists in endeavors to bring Greece into the fold of Communist influence.

HIGHLIGHTING a rapid - fire address on objectives of the United Nations, the foregoing in substance was a question period reply of Eric W. Morse of Ottawa, national secretary of the United Nations Association in Canada, who spoke Friday evening before more than 200 persons in McDougall United Church.

He acknowledged that the Greek situation was one of the "touchiest" to come before the two-year old assembly of nations in the UN.

Greece was one of the last bastions of democracy in an area dominated by Soviet influence, and if the USSR gained control of that country her next step would be to dominate the East by pressure on Turkey, thereby giving her unfettered access to a wealth of oil and other resources so urgently needed by Great Britain and the United States.

Russia was as much in need of these resources as the United States and Great Britain, said the speaker.

HE DID NOT refer to the vast find of the new Edmonton oilfields but warned that Canada, as an accredited member of the UN, was one of the foremost countries with little to gain and much to lose if she adopted an attitude of apathy or carelessness in her share of the UN deliberations.

He scorched the attitude of newspapers which "for the purposes of gaining circulation" spread brook banners of sensation on any question of differences arising out of international debates during the UN sessions, and at the same time treating with relative insignificance the positive and progressive sides of the international deliberations.

Mr. Morse said he believed the differences between capitalism and communism were not greatly different now than those which obtained during the Middle Ages between Catholicism and Protestantism.

IN SUPPORT of the principle of the United Nations, Mr. Morse called upon Canadians to be prepared to shift their allegiance from nationalism and sectionalism when the day arrived for a federation of nations and a world authority.

Mentioning jet planes, radio, radar and many other new developments, the speaker said science had reduced time to a point where it was an inconsequential element in the important matter of international considerations.

He did not think there was great danger of the USSR dropping out of the UN because, he said, the UN with its great battery of news distribution, served as an excellent agency for the spread of Soviet doctrines.

Speaking of the security council of the UN, Mr. Morse said there was no law worth the name without force to back it. He illustrated his point by reference to the rise of Canada from the early pioneering days of small communities through the years growing larger into municipalities, provinces and eventually a federation of the provinces into one Dominion.

MUNICIPALITIES, provinces and the Dominion had laws and these laws were enforceable. The federation of nations formed along similar lines would have to have laws which were enforceable, he said.

"This is a simple projection of the history of our own country," said the national secretary.

What has Russia to gain in the United Nations? On this the speaker enumerated three points:

1. Russia is not yet ready for war.
2. Russia wants to stay in the UN.
3. We ought to keep Russia in the UN as long as we can.

MR. MORSE expressed his conviction that Russia could not support an all-out modern war due to national enervation from strength - sapping effects of the recent war.

He feared that the United Nations "will become nothing more than an anti-Comintern agency" if the USSR drops out of the UN.

He described communist policy as aiming for economic disruption, poverty and dispossession—a fertile feeding ground for Marxist inculation.

In favor of the Russian viewpoint, Mr. Morse reminded his more than 200 listeners of the many years following the first Great War when that country was isolated and ostracized economically, following a reversal of heart by her erstwhile allies when they joined forces with former enemies in an attempt to smash the uprising of her people against years of decadent aristocratic tyranny.

"THERE IS a great need for patience and understanding and I submit there must be some way in which we can live in the world alongside Russia," said Mr. Morse.

He said he did not think that war could be considered a serious menace for the next 10 or 15 years, and, appealing to all nations to exercise a spirit of understanding, described the United Nations as a "global town hall" where, he hoped, nations differences would not be more serious than those between the provinces of Canada and the senior federal government — and backed with similar laws. The Rev. T. R. Davies, president of the UN Edmonton branch, was chairman.

It's a boy!

During those hours of childbirth and in the days that follow, doctors and nurses are never off guard against the risks of septic infection. To-day, in Canada's leading maternity hospitals, the doctors and the nurses have chosen a new weapon to protect their patients and themselves from the risks of septic infection. They use 'Dettol', the modern antiseptic.

At no time are the qualities of an antiseptic — its dependability and safety — more searchingly tested than in the conduct of labour. 'Dettol' has won the trust and confidence of doctors and nurses because it combines in a remarkable degree the properties of high germicidal strength and gentleness on sensitive tissue. In your own home 'Dettol' is the safe way to safety from infection.

DETTOL
THE MODERN ANTISEPTIC

THE REASONS why 'Dettol' is now being used in more and more of the leading hospitals in Canada.

1 'Dettol' antiseptic is a ruthless killer of the germs that cause so many septic infections.

2 'Dettol' is non-toxic—non-poisonous. Important in homes where there are young children.

3 'Dettol' is effective in the presence of blood and pus.

4 'Dettol' is gentle and kind to human tissues.

5 'Dettol' is safe: so safe that it could, in emergency, be used even in the dark.

6 'Dettol' does not stain either linen or the skin.

7 'Dettol' is deodorant, pleasant, amenable, and admirably suited for use in feminine hygiene.

Do as the hospitals do, keep 'Dettol' handy and use it promptly whenever infection threatens.

The Thankful Heart

One thinks inevitably of Thanksgiving Day in terms of comparison. We measure our assets and blessings either against those possessed by other people or against those we ourselves used to possess, and determine our status by the contrast.

And yet, even though this method shows a favorable balance sheet for our contentment, we are still too likely to emphasize the small difficulties and reverses of life rather than the larger picture of gain.

Canadians, on this festival, would do well to remember that it was only eight years ago, on a Sunday morning in September, when a strained voice spoke from Whitehall to tell us that the world was at war.

Young wives looked at their husbands and mothers thought of their sons. The Athenia was sunk; then came Dunkirk, Moscow and Pearl Harbor. Nearly a million Canadian men and women lived in uniform for five years. And it seemed, for most of those five years, as if all we loved and dreamed of would be lost forever.

But look at Canada today. Our half of the North American continent has more than twelve million people with greater natural resources untouched than any other area on our planet. We have become one of the great industrial powers. And Canada should be the happiest land in the world.

There are so many things, in spite of minor disappointments and vexations, for which we should be thankful. The great adventure of human life is the most amazing miracle of all. "Sat vixisse," wrote the old Latin poet—it is something to have lived. We can thank God, too, for the decency, order and comfort with which civilization has endowed our Canadian lives.

We have health. We have national youth and vigor. We have potential riches beyond all count. And, more than all, we have personal freedom.

Canadians have every raason for possessing thankful hearts.

Everybody Loses

It should not be necessary to observe a national Fire Prevention Week in Canada, nor in any other country populated by an enlightened people.

Because destructive fires involve a loss to everybody. When a house or a business place burns down, the owner is not the only one who suffers. Insurance rates would be lower if there were fewer fires. They would be only nominal if fires were as few as vigilance could make them. Every person who pays insurance premiums pays fire losses, even though his property is not burned.

When a forest burns the nation at large is the loser, though the forest may be owned by an individual or a company. Everyone suffers through the destruction of badly-needed building material, the curtailing of employment, the shorter supply of furniture and innumerable tools and conveniences which are made wholly or partly of wood.

Wherever property, private or public, is destroyed, the loss touches a multitude of pockets, directly or indirectly, immediately or later on.

These things are so widely known to be true, that a special Fire Prevention Week should not be needed. Ordinary prudence should make every week a fire prevention week and every person a fire guardian.

But unfortunately prudence is not universal, even in Canada, nor unvarying. Fires do occur, hundreds of them each year, fires which could be prevented, and in which many lives as well as millions of dollars' worth of property are destroyed. Hence we have a Fire Prevention Week each year.

Is it worth while? The question cannot be answered, for no one knows how many fires are prevented because some people carry in their minds the warnings and admonitions which are so commonly urged at this time. What can be hoped is that more people will remember these warnings next year than remembered those given a year ago. If so, everyone will lose less money through fires in the year to come, and fewer lives will be snuffed out by smoke and flames.

Up to the Assembly

Russia has stalled the Security Council in so far as action on the Balkan situation is concerned. Mr. Gromyko and his veto stand in the way of any move to arraign Yugoslavia, Albania and Bulgaria for backing the guerilla war against Democracy in Greece. To the report of the commission which investigated the matter — but was halted at the borders of the three satellite states—the stocky Soviet spokesman thundered an emphatic and final "no."

The world will have to draw its own conclusion as to why the commission was forbidden right of entry to these countries, and why Moscow's member of the Council blocks action on the report.

Observers can be helped to a conclusion by the failure of Mr. Gromyko and Mr. Vishinsky to explain. They simply say they won't allow any interference with the domestic rights of Greece's totalitarian neighbors —"domestic" rights evidently being construed to include the "right" to conspire or to harbor conspirators against the peace, order and security of the Greek people.

Council action being thus blocked, Australia and The Netherlands proposed that the General Assembly set up another investigating commission; no country holding veto power to prevent the Assembly creating such a body or acting on its findings. Canadians generally will approve the stand of Justice Minister Ilsley in backing this proposal. That in fact seems to be the only way to break the deadlock and enable the United Nations to intervene in a situation which openly challenges the organization to do something or admit that it is impotent.

Women and Theology

England, it is announced, is launching out on a new educational experiment which is no less than a theological college for women. This project, which was initiated by the late Archbishop of Canterbury, is named the William Temple College in his memory and is to be located near Chester.

In this institution, diploma courses will be given in the Christian Faith with particular reference to its bearing on the structure of society.

While these courses are planned for women anxious to take up church, social or educational work on lines that will give them thorough grounding in the teachings of the Christian religion, they will obviously be invaluable for women who plan no other career than the ample one of motherhood.

It is safe to say that most non-Christian homes are the products, not so much of ill-will towards religion or outright disbelief in it, as of ignorance of its teachings. Thus, hundreds of thousands of children get no early religious instruction because their parents are inarticulate in regard to it. These parents either have a vague idea of religious doctrine or have no words to explain it. Or if they do have certain basic knowledge, they frequently express it in terms which do not appeal to the young mind.

England's experiment in this connection should be carefully watched in Canada. For motherhood is only half equipped for its vital duties when religious instruction is left out of its curriculum.

Looking Backward
From The Bulletin Files

1887: 60 Years Ago

Senator William McMaster, of Toronto, is dead. Manitoba butter took the two best prizes for all competitions at the Toronto fair.

Dr. Dodd, of Regina, is likely to be appointed surgeon for the Mounted Police here.

Reported that $100 a day has been made this summer by some miners in the Yukon. $30 a day would be the least that would pay. Flour is $18 a hundred and sugar 50 cents a pound.

1897: 50 Years Ago

Rev. John McDougall and Mrs. McDougall arrived from Morley on Tuesday, coming by road.

A test of gravel taken by the dredge clearing the site for the centre pier of the bridge showed a very large prospect of platinum and a moderate showing of gold. This is the first attempt at prospecting for gold in the bed of the river.

Judge Scott is in town.

G. A. Gouin was the victim of a fatal shooting accident at Cooking Lake on Saturday.

The new sidewalk has been completed in front of the Alberta hotel. There, as at many other points, the public have for some time had to walk in the street.

1917: 30 Years Ago

Hon. A. L. Sifton telegraphed his resignation as premier of Alberta to the Lieutenant-Governor last night.

Ottawa: Shortly before noon the following members of the new Union government cabinet were sworn in: premier, Sir Robert Borden; Major-General Mewburn, Sir Edward Kemp, Hon. J. A. Calder, Hon. Arthur Meighen, Hon. T. A. Crerar, Hon. A. L. Sifton, Hon. N. W. Rowell, Hon. J. D. Reid, Hon. Martin Burrell. Hon. Frank Cochrane goes to the Canadian Northern as chairman of the board of directors and Sir George Perley becomes Canadian High Commissioner in London.

1927: 20 Years Ago

The Edmonton Aero Club will apply to the Dominion government for two airplanes.

Montreal: Wood, Gundy and Co. have bought the Canada Cement Co.

Paris: Forced down at sea, Ruth Elder and her companion, George W. Hildeman, were safe today aboard the Dutch tanker, Barendrecht, but their plane was destroyed.

A special committee appointed at the last session of the legislature to enquire into working of the Workman's Compensation Act began sittings at the parliament buildings, under the chairmanship of Hon. R. G. Reid.

1937: 10 Years Ago

Jap raiders, in two squadrons of planes, machine gunned British automobiles in Shanghai.

Madrid was subjected to the worst shelling of its long siege with 1,200 shells from Franco-lead rebel guns falling in the city.

Ice surface was laid at the arena, with officials promising ice for playing hockey by Oct. 15.

S. H. Gandier was named principal of the Vermilion School of Agriculture.

Today's Text

Not rendering evil for evil, or railing for railing: but contrariwise blessing; knowing that ye are thereunto called that ye should inherit a blessing.—I Peter 3:9.

THE THRILL THAT COMES ONCE IN A LIFETIME -:- by Webster

Revolutions by the Tail

If the international situation is as bad as it looks, it is hopeless for peace.

But I cannot share the conviction that it is impossible to come to terms with the Russians on a peace settlement.

* * *

THE ALARM IN THE United States rests on the assumption that the Russians are committed to fomenting Communist revolutions as an instrument of Soviet expansion. There is plenty of evidence that this is true. But I submit that Soviet leaders must have serious qualms about such a policy, from the viewpoint of ultimate Soviet—and Kremlin—security.

THOMPSON

It is assumed in this country that European Communist revolutions would continue inevitably to accept Kremlin dictation. Only if they should do so could they be instruments of Russian hegemony. I, however, suggest that Soviet leaders are by no means certain of such an outcome.

Stalin, Vishinsky, and Molotov know lots more about revolutions than we do. The Russian Communist revolution has not displayed unbroken "ideological" continuity. It started with a coalition of left-wing parties, gradually purged out the non-Bolsheviks, and finally assumed full power after a terrible civil war.

But that was not the end of troubles. Bitter factions, developed within the Russian Bolshevist party. Purges of social revolutionaries and Mensheviks extended to almost all original Bolsheviks and might, had he lived, have included Lenin as well as his old comrades —notably Trotsky.

Furthermore, the Russian revolutionaries have learned, and thereby been warned, that national patriotism is still the strongest mass emotion — even in Russia. Not Communism but the fatherland was the rallying cry of the Russian war.

* * *

NOW, IN TRYING TO PUT myself into the Russian mind, I should think those two experiences would give the Kremlin pause in contemplating European revolutions. Thirty years of almost continuous purges have made the Russian Communist party reliable. But is there any reason for counting on similar reliability of European parties?

There is not and Stalin, at least, knows it.

Under their present leadership European Communists are reliable. Bierut, Gottwald, Tito, Rakosi, Groza, Pieck, Togliatti, Duclos are Moscow-trained, indoctrinated disciples of Stalinist theory, with docility recognizing the Kremlin as the centre of European political decision. But there are only a handful of such men, and they are only three-quarters in power where the Russian armies stand.

I submit that there is not the slightest reason to assume that if all Europe went Communist, this condition would long continue beyond the liquidation of rightist opposition. Thereafter the Church and other Marxian parties would have to be purged. The process would throw up new leaders and new slogans bidding for mass support, and one slogan certainly would be: "down with the false Communists and foreign agents." Meanwhile, European Communists really would have power—and Red armies.

* * *

IN SHORT, TO USE Communism as an instrument of Russian hegemony, the Kremlin must control elemental revolutions. In all history has that ever been possible? In the French revolution? And when by foreign dictation? What guarantee, to put it bluntly, has the Kremlin that European revolutions would be Stalinist and Trotskyist? Or that the bitterest opposition to Russian hegemony would not come from a Communist Europe and Communist armies led by new Trotskys?

The Kremlin has no such guarantee. The bitterest wars in history—the Thirty Years' War, for instance—have been fought over conflicting interpretations of the same religion.

Stalin and Co.—being intelligent, experienced tacticians of revolution—know this, and know that through fomenting revolutions they may be leaping into the abyss.

* * *

AMERICA SHOULD work for peace, for a settlement compatible with our own and Soviet security, and not get hysterical. The Russians are playing with fire.

(Copyright by The Winnipeg Free Press and The Edmonton Bulletin)

Great Horned Owl

By W. R. CLARKE

It was in those blazing hot days near the end of August, days when summer reaches a ripe maturity, when trees are in the fullness of their season's growth, when seed pods are filled to bursting and when summer visitors are thinking of their return to town and city.

Riding Moutain Park was at its best. The crowd had gone, frightened away earlier than usual by a few cool, moist days. But the fish were biting. The tennis courts and golf course were perfect. And the birds were showing signs of their first seasonal gregariousness, gathering in flocks which later would head away on their fall migration.

Beyond the motor camp at Wasagaming, capital of Riding Mountain Park, lies a tamerack swamp. From the camp a slope treed with poplar, aspen and white birch drops to a 30-foot fire-break. Over the fire-break is a field of drained bottom land and beyond the drainage ditch are the fearsome depths of the bog from which rises spire-like dead tamerack trees, and in which the bittern and loon hold revel.

On the slope at the edge of the trees great banks of golden-rod, Indian Paint Brush and Fireweed blazed in the blistering sun and along the crumbly earth margin of the ploughed strip dragon flies, both bi-plane and monoplane, moths, winged beetles and a multitude of other insects, delirious with warmth and ecstacies of the season, danced madly in an entomologist's nightmare.

A path through the willow shrubs of the bottom lands led to a drainage ditch along which ran a narrow clay walk. On mornings after a rainfall the dainty tracks of antelope might be seen leading to the higher ground through which the ditch cut to empty into the lake and if one looked closely one might find the traces of other wild things that made the path their nightly runway.

* * *

IT WAS NOON. The plop-plop-plop of juvenile frogs leaping for the ditch as I strode along the path provided a subdued staccato accompaniment to the Italian Lullaby which strained weekly through the willow shrubs from the roller skating bowl. Otherwise the path was silent and there was no sign of the bittern for which I sought.

But there was something new on the path. At first I thought it was a large boulder. Then it moved and I was staring into the big, unblinking, green-yellow eyes of a Great Horned Owl, probably of the Arctic sub-species for it was lighter in color than the southern variety. I stopped dead in my tracks and in a moment the face turned the other way. I advanced a dozen paces and the head swivelled back. A pair of robins in a nearby tree scolded loudly and even as I looked one nose-dived at the owl. The breeze of its passage stirred the soft feathers on the back of the owl's neck. The other robin followed. Though they kept up the disturbance the owl merely looked bored. What attention he gave to external matters was divided between me and something along the path beyond him.

Each time he turned his head away I advanced a few steps and "froze" when he turned back—just like the books tell one to do. It is said that owls cannot see in the daytime and the actions of this one confirmed that statement because until I had advanced to within 30 feet of where it squatted, it showed only a casual interest. Then it became suspicious. Its hearing told it something was on the path but it couldn't see what. The next time it turned its head away, it suddenly turned it back as though to catch me in motion. I was halted with one foot raised — a difficult position. After a few repetitions of this "now you see it and now you don't" strategy I decided I had inspected the bird sufficiently and advanced on it without concealment.

* * *

THIS SEEMED TO BE even a better ruse than the so-called stalking for it paid literally no attention and I halted about ten feet away. The problem now was one of how to get past the brute which occupied nearly the full width of the path and its 18-inches of height was rather too much for stepping over. I shouted and waved my arms but it merely stared. It was not until I reached out with my stick to poke it in the ribs that it took off heavily but with the traditional silence of its tribe. No beat or rustle or swish accompanied the movement of its wings which seemed short for so large a bird although they made up in rounded width for any deficiency in length.

It alighted on a stump 10 feet from the path and there perched solemnly with its head swivelled around to stare at me owlishly which, presumably, is as natural to an owl as gooseflesh is to a goose.

Smiles

A couple from Edinburgh went to visit relations in Glasgow. Leaving Glasgow station they saw a queue, and the wife announced her intention of standing in it. She got a pound of tomatoes.

Farther down the street they saw another queue, and again she joined in. She got a box of face powder.

Then they saw another queue.

This time the husband offered to stand in. He got vaccinated.

The Wall Street loser sighed: "I am
Exceedingly grieved to note
That where at first I was a lamb
I've grown to be a goat!"

Mrs. Knowitall: "It is best for a girl to marry an economical man, you know."

Daughter: "I dare say, mother. But it's awfully trying to be engaged to one."

He was quarrelling with his wife, and not doing any too well.

"You didn't have a rag on your back when I married you," he said acidly.

"Anyway," she retorted, "I've plenty now."

A man entered a barber's shop for a haircut. The barber mentioned that his client's hair was getting thin on top.

"Why not try a little of my wonderful hair restorer?" he urged. "It's only a shilling."

The customer bought a bottle. A week later he returned to the shop.

"Well," asked the barber, "how did you find my hair restorer?"

"I left the bottle on the kitchen table, and my wife, thinking it was a new kind of furniture polish, started to use it," he said. "How much do you charge to shave a sideboard?"

During an inspection of a balloon barrage site the visiting brass-hat found a disconsolate W.A.A.F. searching the ground.

"What are you looking for so diligently?" he asked her kindly.

"I've lost my spanner," she answered.

"Nonsense!" snorted the brass-hat. "You can't lose an important thing like a spanner."

"Can't I!" retorted the W.A.A.F. "Why, ten minutes ago I lost the balloon."

Lincoln Showed How

By ELMORE PHILPOTT

Who has not smiled, at times, at such examples of homespun American wit as:

"What this country needs is a good five-cent cigar?"

What the war-weary world needs right now is somebody to put in a similar sentence the kind of new approach we need to halt the drift toward a third world war.

* * *

WE NEED SOMEONE to do in and for the United Nations what Lincoln did for the United States—or better still what the great Laurier did for Canada.

PHILPOTT

The noblest speeches made by Lincoln were not his calls to battle—but those which showed the way to reunite the war-torn nation, without regard to battle-lines.

"With malice toward none; with charity for all—to bind up the nation's wounds; to care for him who shall have borne the battle, and for his widow, and his orphan—to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations."

Just before he was assasinated Lincoln had prepared a huge scheme of expenditure on reconstruction of the battle-ruined areas.

You could take his formula today —and all you would need to do would be to move the apostrophe. You could make it read "to bind up the nations' wounds."

And if you did that—or had done it before UNRRA was scrapped for the two-way doctrine of "get tough with the other fellow"—you would not need to be trying to build a "wall against Communism," or a "wall against dollar imperialism."

* * *

LAURIER DID in a smaller field an even better job than Lincoln did in the great republic.

Lincoln fought the bloodiest war that had been fought in history (till that time). Laurier avoided another.

Laurier came to power in Canada when this country had all the makings of a civil war between French and English, Protestant and Catholic. Had Laurier been a character like Jinnah in India now, he could have set the sparks to a conflagration that would have swept from coast to coast.

The French-Canadian people still smouldered with resentment at the hanging of Louis Riel—the brilliant spokesman for what was real and vital in the prairie democracy supplanted by the new railroad empire.

The highest court in the British Empire had found in favor of the Manitoba Catholic minority to have separate schools. The majority of the people of Manitoba were ready to fight to prevent that—and they were backed by the English-speaking majority elsewhere.

Canada had all the makings of war. Laurier dissolved the whole explosive situation by a new, positive approach.

He called it, and made the people understand it, "sunny ways."

He untied the knot of legalistic formalities by the power of goodwill and commonsense on both sides. To do that, he had to overthrow the entire hierarchy of his own Catholic church—and the firebrands on the other side of the religious fence who were longing for a fight.

* * *

GENERATIONS LATER—at the very sundown of his long public life—Laurier spoke to Canadian youngsters. It was at the end of the first world war. In that speech Laurier summed up all the distilled, and re-distilled, experience of his lifetime.

"Banish doubt and hate from your hearts," he said. "For faith is stronger than doubt, and love is stronger than hate."

* * *

WE HAVE, ON a vastly and more ominous scale, the makings of trouble as we had the makings of civil war in Canada when Laurier dissolved the fogs with his friendly smile and sunny ways.

But since the death of Roosevelt we have no great world statesman who really believes in and applies the Lincoln-Laurier creed—that the outstretched hand of friendship is more powerful than the closed fist.

Our soldiers learned ages ago that "attack is the best defence." But our statesmen never seem to get it through their heads that the positive use of friendship is the supreme, most practical weapon of peace.

Bulletin Readers Say:

Letters to the editor should be brief and discuss no more than one subject at a time. The name and address of the writer must be included, but not necessarily for publication if the correspondent so requests. Letters thus received become the property of THE EDMONTON BULLETIN whose editors, for obvious reasons, cannot undertake to enter into correspondence about them and reserve the right to delete extraneous or unduly controversial matter.

WORK OF EXTREMISTS

Editor, Bulletin—That one of the reasons for the alarming rise of anti-Semitism in Britain can be attributed to the blowing up of a Haifa police station, strikes a very sour note.

Once again, Jewish people the world over are made to suffer because of the actions of a few extremists.

I recall reading a headline story telling of the brutal murder of British and Canadian airmen by the Germans. However, I fail to recall reading of a wave of anti-German feeling, of riotous proportions, sweeping Britain. Jewish communities in Britain are no more to blame for the actions of terrorists in Palestine, than are Canadians, of German descent responsible for the action of the Nazis.

British Fascists have taken full advantage of the unfortunate situation in Palestine and once more, the Jew is made the scapegoat. No reasons or excuses need be offered for the rise of anti-Semitism. This evil will exist, live and flourish, as long as gentiles claim to be Christians, but fail to practice the preachings of Christ.

BLIND EARNINGS

Editor, Bulletin—There are not many jobs that totally blind people are able to do, but as we have to work to improve our financial condition, caused by our poor pension allowance, then we should at least have our industrial and commercial monopoly in the trades we can work at.

The market is poor in these trades, and the field is overcrowded.

The above statement refers to the poor market and prices of piece work that the blind do under Blind Institute regulations, through a commercial agent, who deals in products made by the blind.

FEED THE HUNGRY

Editor, Bulletin—In view of the extremely serious food situation in Europe, also in the Old Country and elsewhere, and the effect this may have upon the already very dangerous world situation, would it not be right as well as wise for us to ask our government to reinstate food rations as soon as possible?

This greatly blessed, well fed, and wealthy country could then conserve as much as possible, eliminate all waste, and send every bit of surplus food across to those who are so badly in need.

LIFE IN RUSSIA

Editor, Bulletin—I cannot understand the sarcasm levelled at the National Council for Canadian-Soviet Friendship.

Critics omit to mention that during the war Russia was earning, by bitter suffering, all the help and friendship we could give. How quickly we forget!

They write of "millions of people" doing forced labor in dozens of Soviet concentration camps. Where are these concentration camps? Who has seen them? I thought there was an "iron curtain" across the frontier.

It must be transparent iron, or somebody is drawing on their imagination for the gruesome pictures of Russia we are getting in our press.

BILL OF RIGHTS

Editor, Bulletin — Unlike the United States, Canada has no "Bill of Rights" in its "Constitution," which is the British North America Act of 1867. Canada badly needs such fundamental legal protection for its citizens' liberties, which are threatened now more than ever before. A Bill of Rights, written into law, would tell Canadians exactly what their rights and freedoms are, and would also tell the Federal and provincial governments and courts and police departments, which now seem to do about what they please. Before a Canadian Bill of Rights can be enacted, it is necessary to amend the British North America Act. That should be done at the earliest possible moment. Before we demand freedom for the peoples of other countries, we should assure it for our own citizens.

At the next session of the House of Commons, a Canadian Bill of Rights should be enacted law.

TRANSIT SERVICE

Editor, Bulletin—It is about time somebody took notice and voiced their opinion about the service the E.T.S. is handing out to its patrons. I speak of the service on Cloverdale, Bonnie Doon and King Edward Park lines.

The E.T.S. saw fit to raise the fares from 5 to 4 tickets for 25c but they still persist in making people transfer to the trolley at the Low Level. Instead of thinking of themselves, why not think of the travelling public for a change. Also of the taxpayer who has had his taxes raised to pay for this so-called rotten service. I see no earthly reason why the buses could not still run right up town until midnight.

I wonder how many of the city commissioners and officials of the E.T.S. would like to stand around at the Low Level on cold nights this winter with perhaps the temperature at 25 and 30 below. Is it any wonder that people get sick, especially old people who cannot stand the winters like when they were younger?

People of these districts, here is food for thought. Get behind this and let us get the service we are entitled to.

This would be a better world to live in, if some people did not think so much of the Almighty dollar.

DISTRICT NEWS IN BRIEF

Organize Campaign Send Food to Britain

RED DEER, Oct. 11.—The Red Deer Rotary Club has started a campaign to send food parcels to Britain, considerably expanding the work which the club has been carrying on for the past year. The club will handle administration and has made arrangements to buy parcels in quantity so as to get the best possible value.

Parcels will be distributed in England, Scotland, Wales and Northern Ireland and may also be sent to any desired address.

H. A. (Herb) Kerr, chairman of the Rotary committee, in charge, feels that the city and district can send a thousand parcels before Christmas. Red Deer has rallied to other worthy causes in the past and Mr. Kerr is sure the people will again be generous in their response. L. C. Lister is treasurer of the campaign. R. M. Beatty, E. C. Fletcher, Art Lundie and R. J. Smith are team captains and the city is being divided into districts and a thorough canvass will be made.

W. J. Stephenson is arranging some contests for the school children to aid in the publicity. Prizes will be given for the best poster on Food Parcels for Britain and for the best composition on the same subject.

Family Re-Union

FERINTOSH, Oct. 11.—Mr. and Mrs. Frank Bottorff and their seven children had a reunion recently when they all motored to Camrose. A birthday party for one of the daughters, Mrs. V. A. Lindgren, was also held.

Mrs. Percy Smith, Mrs. Albert Butler, Mrs. V. A. Lindgren, Mrs. Robert Jensen, James Bottorff, Allen Bottorff, Floyd Bottorff, Mr. and Mrs. Frank Bottorff were on hand for the re-union.

Five-eighths of an inch of rain fell during the last storm. Two nights of heavy frost followed.

To Attend Meeting

RED DEER, Oct. 11—Harold J. Snell, of Red Deer, is leaving this week for Chicago where he will attend a meeting of the Canadian Advisory Committee of Rotary International of which he is chairman. An extension of the food parcels for Britain will be one of the matters discussed. Mr. Snell is a former district governor of Rotary.

Plan Church Parade

VERMILION, Oct. 11.—Vermilion Branch, Canadian Legion, will hold a church parade on Sunday. The ladies auxiliary, air cadets and reserve army are invited to participate.

Parade will form at the Memorial Hall at 10:30 a.m. and march to 11 a.m. service in the Salvation Army Barracks.

Masons Meet

VERMILION, Oct. 11.—R. A. Masons held their district meeting in Vermilion Masonic Temple Wednesday evening. About 50 members and visitors were in attendance.

Ladies of Queen Esther Chapter No. 22 OES catered for the banquet which commenced at 6:30.

Farm labor has been scarce in the Vermilion district throughout the harvesting season.

Hotel Is Sold

STROME, Oct. 11.—The Selkirk Hotel at Strome, operated by Pete, Bill and Steve Chillabeck for a number of years, has been sold to A. Clenes who is now managing it.

Mrs. J. P. McMillan, one of Strome's oldest residents, celebrated her 91st birthday anniversary recently.

Strome high school students are attending classes in Sedgewick this year and are transported by bus each day.

Recent meeting of the Ladies Aid was held at the home of Mrs. J. Thorburn.

Ladies Aid Meets

HARDISTY, Oct. 11.— The Ladies Aid of the Hardisty United Church held their October meeting at the home of Mrs. H. Moody.

Mrs. Erna Zaur Dies at Andrew

ANDREW, Oct. 11.—Mrs. Erna Zaur, wife of R. E. Zaur, principal of the Andrew High School, died in the Willingdon hospital recently. She was 50 years old. She had been ill for a considerable time.

In addition to her husband, she is survived by two sons, Edward and Richardson.

A funeral service was held from the Bissell Memorial United Church at Andrew with the Rev. T. Bey officiating. Burial was in the Edmonton Cemetery.

To Purchase Books

WILLINGDON, Oct. 11.—A set of 52 books for children in grades 1 to 7, seven agriculture books and 15 best sellers will be ordered by the Willingdon Public Library, it was decided at a recent meeting.

It was also decided that members of the library board would look after the library one night a week. A donation of $100 from the school board was reported.

R. D. Porter, fire inspector for the Alberta government insurance office was a business visitor in Willingdon recently.

Douks Suspected As House Burned

NELSON, B.C., Oct. 11.—(CP)—Provincial police Friday were investigating a blaze, believed of incendiary origin, which last night destroyed the last remaining Doukhobor community house at nearby Shoreacres, B.C. An attempt to destroy the communal dwelling, vacant since the wave of incendiarism last August, was made earlier this week. Two months ago the radical Sons of Freedom sect threatened to raze every community house owned by the orthodox Doukhobors in the Shoreacres district.

Hardisty Legion Elects Officers

HARDISTY, Oct. 11.—Annual meeting and election of officers of the Hardisty Branch of the Canadian Legion was held at the Kiefer's hall recently. J. H. Perlin, retiring president, was chairman.

Officers elected for the coming year are: president, S. G. Timmins; vice-president, J. Thorp, Jr.; secretary, D. M. Dickson; treasurer, P. Madden; executive committee, B. Brundson, B. A. Matthews, J. Wells, B. Wells, G. Savage, R. Johnson; tyler, A. O. Wells; entertainment committee, R. Johnson, F. Muerkon, J. Johnerud, I. Downie, B. Matthews; auditor, Clyde Robbins.

To Purchase Fire Fighting Equipment

CAMROSE, Oct. 11.—The town council of Camrose has set up appropriations for the purchase of fire fighting equipment to the approximate value of $10,000. The pump, storage tank and part of the truck will be supplied by the LaFrance Equipment Company and will cost in the neighborhood of $5,800. The truck chassis is to be ordered locally and tenders have been given a chance to supply this part of the program. In addition to this, about 800 feet of 2½ inch fire hose and 500 feet of smaller 1½ inch hose and other smaller items will be procured.

Guest Speaker At Metropolitan

Miss Dorothy McNain, who returns to Korea shortly, will be the guest speaker at the morning service at Metropolitan United Church on Sunday.

In the evening, the minister will speak on "Canada in the World Today", and following the service James Verghese, of India, will speak on "India Today". Mr. Verghese has come to Canada to study at the University of Alberta.

SPECIAL SPEAKER

The Rev. Leslie E. Wilton, missionary evangelist from India, will be the special speaker at both services at Strathcona Baptist Church on Sunday. Mr. Wilton will also address meetings there each night next week at 8 p.m. to which the public is cordially invited.

Nutmeg and cloves of the East Indies inspired trade as early as 300 B.C.

Four Hunters Meet With Satisfying Success

Four hunters went out on a two-day shoot near Sullivan Lake, Castor recently. Each hoped to return home with a two-day bag limit of 14. For four hunters the aggregate limit would be 56. They happily returned, with the result shown above. Among the four, a total of 27 geese were bagged in the two days. This would amount to approximately five geese for each hunter each day. The four men, were "Moose" Bibaud, Gibbons; Alex Wallace, Scapa; Peter Beach, 9618 109A avenue and Jack McEwan, Gibbons.

Taggart Receives High Ottawa Post

OTTAWA, Oct. 11.—(CP)—J. G. Taggart of Ottawa has been appointed director-in-chief, agricultural services, in the agriculture department—the highest ranking post in the Dominion public service ever filled through open competitive examination—the civil service commission announced last night.

Mr. Taggart now is chairman of the Agricultural Prices Support Board. During the war he was foods administrator in the prices board and chairman of the meat board. He has been associated with various committees on food and external trade since the war.

The appointment of a director-in-chief of agricultural services reflects the new situation of the department resulting from Canada's participation in international food problems, a statement said. Mr. Taggart will assist Dr. G. S. H. Barton, deputy minister, in the administration and co-ordination of many services and branches. Also, he will act as departmental representative in major departmental meetings.

Born at Parrsboro, N.S., Mr. Taggart received his early education there and at the Nova Scotia Agricultural College. He graduated from the Ontario Agricultural College with the degree of BSA. He pursued additional studies at University of Wisconsin and took a normal school course at Camrose, Alberta.

The new director's work in the field of professional agriculture began prior to the First World War. He has served as agricultural representative in several counties in Ontario.

Mr. Taggart has been an instructor in the Vermilion, Alta., agricultural school and served as the school's principal. He was a staff member of the federal department of agriculture as superintendent of the Swift Current, Sask., experimental station. He was minister of agriculture in Saskatchewan for 10 years.

Evangelist Plans 2-Week Campaign

Commencing Sunday, Evangelist J. T. Larson, of Denver, Col., author, preacher singer, and gospel hymn writer will open a two-week campaign at the Central Baptist Church, corner of 96 street and 106A avenue. The campaign will close Sunday, Oct. 26.

The visiting evangelist has travelled widely in more than 35 states, conducting 237 series of meetings, seeing more than 4,000 people. He has also appeared on 32 radio stations in sermon or song, and is the author of several books, among them Glory Jubilee Songs and Victorious Decision Songs, which are gospel hymns of his own composition.

During the two-week campaign the evangelist, on some nights, will use illustrated Bible charts on the following subjects: Heaven and How to Get There; The Celestial Railway to Heaven; The Plan of God for the Ages, and Law and Grace Contrasted. Meetings will commence at 8 p.m. nightly.

Many uncivilized races are adept at ventriloquism.

Wants Legalize Bookies in B.C.

VANCOUVER, Oct. 11.—(CP)—A move to legalize horse race "bookies" and allow the government to realize revenue from off-track betting in British Columbia was advocated yesterday by Harold E. Winch, CCF leader of the opposition in the B.C. legislature. In a letter to Attorney General Gordon S. Wismer, Mr. Winch said "it is time the authorities faced up to the fact that it is impossible to stop people betting." "Hundreds of thousands of dollars are being wagered annually in an illegal fashion . . . the only proper course is to devise a legalized method of betting, allowing a return to public funds," he said.

Duchess' Uncle Dead in States

BALTIMORE, Oct. 11.—(AP)—Henry M. Warfield, twice adjutant-general of Maryland and paternal uncle of the Duchess of Windsor, died yesterday at his home near suburban Timonium. He was 80 on July 1.

Probe Black Market In Canadian Flour

SYDNEY, N.S., Oct. 11.—(CP)—The Post Record in a news story Friday said it had learned of "a black market operating between North Sydney and Newfoundland and said to involve thousands of dollars worth of subsidized Canadian flour and other commodities is under investigation by RCMP and customs officials.

The paper added that a source in close touch with the situation had revealed that already two Newfoundland vessels have been apprehended and the captains of both craft fined $400 each under the Canadian customs act for failing to clear through the proper channels a quantity of flour and other products.

The paper said the case is expected "to break wide open" within several days with an undisclosed number of persons expected to be charged under the customs act.

The RCMP here declined to comment.

NOW IS THE TIME TO EQUIP YOUR CAR WITH THE SKID-REDUCING, SAFETY-ACTION OF NEW GUTTA PERCHA TIRES

DON'T TAKE CHANCES ON TREACHEROUS, SKIDDY, ICY WINTER ROADS . . .

Now Gutta Percha Tire technicians bring you an added safety for Fall and Winter driving on slippery snow-mud-covered pavements. The new saw-tooth tread of the Gutta Percha "TOP-FLIGHT" gives you a startling new stopping action. Just step on the brake and it bites through slush, leaves and oil instantly—actually holds your car down hard onto the road—brings you to a smooth straight-line stop before a dangerous skid has a chance to get started. You stop more quickly—safely—when your car has "TOP-FLIGHT" tires all around. You drive with a new kind of confidence because you know your tires will act right, act fast, act *sure* when you step on the brake.

And the "TOP-FLIGHT" gives you more mileage as well as safer mileage. That new, scientifically designed tread is bonded to a casing engineered to wear and wear and wear. It's smooth and silent running, too, because of the continuous lines of this new saw-tooth tread. You need Gutta Percha "TOP-FLIGHTS" on your car now for this Fall and Winter—for the new safety their saw-tooth tread gives you—for their greater maximum mileage—for their smoother running qualities.

See your Gutta Percha Dealer today. Equip your car for the safest winter driving you have ever known with road-gripping, long-wearing Gutta Percha "TOP-FLIGHT" tires on all four wheels.

Founded in 1871

McDougall Church To Mark Anniversary

It was 76 years ago, in 1871, when the Rev. George McDougall, posted to the Edmonton mission at his own request, hustled together a small band of men and women and began hewing down trees, shaping logs and mixing mud and plaster. Gradually a small, wooden building, later called the McDougall United Church, in honor of its founder, began to take on A LOT at 101 street and Macdonald drive, stand two churches. One is the small wooden building. The other is a large brick structure. Together they represent a span of 76 years.

On Sunday and Monday the congregation of the church will celebrate the 76th anniversary of its founding. When the big auditorium is filled and the capacity congregation rises to sing to the accompaniment of the large pipe organ, it will be a far cry from the days of services in a small log church with music coming from a "wheezy" old organ.

WHEN THE OLD LOG church was built it was known as the Wesleyan Church and was the first Protestant church in Edmonton. With its rough finish, inside and out, its narrow door and windows, it rose as a tribute to the pioneering religious zeal of the oldtimers who were to build Edmonton into the modern city it is. An interesting history started as soon as its door was opened for services in 1871.

The first church was moved in 1892 from near the present Memorial Hall to 101 street on the site where the Journal building now stands. To meet the growing needs of the community, a larger frame building was erected and in honor of the founder, who died in 1876, it was called the McDougall Church.

The congregation remained, grew and prospered although ministers came and went. In 1903 the seating capacity of the building was doubled and the first pipe organ installed. The Rev. Dr. Charles Huestis, still residing in Edmonton, was the minister then.

ANOTHER EXTENSION was needed in 1907. Then in 1909 construction began on the present brick structure and in 1910 was completed. The first service was held shortly before New Year's Day, 1911. The organ, still in use, was installed in 1912.

Then came the First Great War and more than 300 of McDougall's young men joined the forces. Many did not return. The sacrifice was repeated in 1939.

Through neglect the original McDougall church passed into oblivion and was moved to the rear of Alberta College and used as a shed and storehouse. Then early last year it was resurrected, restored and now stands as a memorial to the courage of the early members where all Edmonton can see it—right next to its grandchild, the present church.

THE REV. Wesley Bainbridge is the present minister. He is a graduate of the University of Alberta and St. Stephen's College and one of three minister brothers. He came to the pulpit here from the RCAF where he served overseas as chaplain.

At the special anniversary services Sunday and Monday, the Rev. Dr. E. Crossley Hunter, minister of Knox United Church in Winnipeg will be guest speaker. He will deliver both morning and evening sermons on Sunday. On Monday evening he will deliver a lecture using the subject "All the King's Men." Dr. Hunter is one of the outstanding pulpit men in Canada, having served the United Church in Hamilton, Toronto, Vancouver, and at present Winnipeg.

After the evening service there will be a congregational rally in the church.

There will be greetings from neighboring churches and various branches of the United Church, honoring McDougall Church on reaching a historic milestone.

All four centres will be decorated for the occasion, and all offerings are in aid of the Building Funds of each centre.

GEMS FROM SWEDENBORG:
"The poor come into heaven not on account of their poverty, but because of their life. Everyone's life follows whether he be rich or poor. There is no peculiar mercy for one more than another. He that has lived a good life is received into heaven, be he rich or poor. Moreover, poverty here and riches there do not make heaven just as much as wealth here and poverty there do not make it enough, and believe riches to be good things and poverty to be bad, and such are much prevented and kept back from heaven by the Divine Providence. They also very often cast good things away by their pleasures, and are at many an angry word with the poor because they have opportunity. But this is not the case with those who are content with their lot, and are sacredly just and diligent in their work, love labor better than idleness, and are obedient and faithful, and in the same time live a Christian life. Heaven and Hell."
Swedenborg's writings are available in every public library, or may be purchased at if once read. Out-of-town readers may get copies from University Extension Library. For information Phone 28062.

CLEANING GUTTERS AND LEADERS

Accumulated leaves and birds' nests are among the most common causes of overflowing gutters and clogged down spouts, or leaders. Wire basket-like strainers should cap the top opening of leaders. They usually are obtainable in hardware stores. Clogged leaders will burst in freezing weather. Corrugated sheet metal is used to allow for such expansion.

It is wise to clean out all gutters, or eaves troughs, every autumn after the leaves have fallen. When clean of rubbish they should be flushed with a hose to remove traces of acid. Rotting leaves and wet cinders cause erosion. The troughs also should be kept free of heavy snow and ice. Metal paint prolongs the life of gutters and leaders.

If wooden box type gutters are used they should be lined with rust-proof metal, swabbed with fibrous asphalt, or both.

A dibber is a good tool for bulb planting provided you learn the knack of giving it a swinging twist to make the bottom of the hole round so the bulbs will not be "hung" with air space under them. You will get it with a little practice.

Guide to Home Builders

Forty-six small compact homes are illustrated, complete with floor plans, in our new booklet for homebuilders, "Small homes of Originality." Duplicate floor plans and detailed drawings of interior fittings are offered.

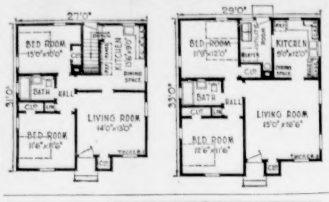

☆ ☆ ☆

The "Tucker"

Few plans can be devised that will provide shelter for a family of three at less cost than this little house. Every room, with the exception of the bath, has cross ventilation and a cosy dining space has been provided for in the kitchen. Plan No. 2 is two feet wider and two feet deeper and has a utility room instead of a basement.

Strictly Canadian by Claire Wallace

In their own homes, women are usually good housekeepers, proud of sparkling mirrors, immaculate bathrooms, clean walls and general appearance of tidiness. They take pride in keeping the house that way, looking on each shining surface as a badge of merit.

But, sad to say, they don't treat other people's property with the same tender care. Take the public washroom as an example. We women are getting ourselves a bad name for being untidy, careless inconsiderate and downright destructive in washrooms. Attendants say women are much more untidy than men. If this is the case, we had better buckle down and look the situation squarely in the eye to see how we can mend our ways.

HERE'S THE wrong side of the picture. "Gracious, I'm a mess," should-be glamour girl says, after one peek in her mirror. She heads for the nearest washroom and 10 minutes later emerges looking as if she had stepped out of a bandbox. Behind her she has left a grimy washbowl, sometimes with the water faucet still turned on, powder-flecked mirror and floors, paper towels littering the place and, most disgraceful of all, hair combings in the washbasin and lipstick smeared on mirrors or painted walls. She may look pretty but the washroom doesn't!

Here's the right way. See that taps are turned off, when you've washed and be sure to rinse the basin out with a little water, leaving it clean and fresh for the next person. If you've left a ring around it, take a paper towel and wipe it off. It's your ring of dirt and nobody else wants to clean it up. Comb your hair before the dressing table, not over the washbasin. If there is no alternative and you do get hair in the washbasin, take a paper towel and gather it up. All these paper towels, of course, should be deposited in the waste paper bin and not just dropped on the floor, shelves or in the basin.

WORST CRIME OF all is the dreadful practice of removing lipstick from a finger by wiping it on the wall or mirror. I imagine hotels, restaurants and service stations in Canada spend thousands of dollars cleaning up or repainting walls where lipstick has been thoughtlessly smeared.

It shouldn't be hard for us to practise washroom manners when washrooms are installed as a convenience for us, the public. A way of saying "Thank you" for the service is to leave it as clean and tidy as when you entered it.

Questions—Etiquette—Answers

CRACKERS: "Antoinette P." Montreal, Que., writes: "In our family we argue about the politeness of breaking crackers into soup. Some of us do it and the others don't approve. Will you set us straight?

ANSWER: Lots of people like to break crackers into their soup and this is going to be bad news to them—it isn't done. A cracker is meant to be broken in half or into pieces and eaten in the fingers, but never dropped into the soup or bouillon. Because so many people grieve over this rule of etiquette, some cracker companies bring out croutons, a little square biscuit that is made especially to be dropped into the soup, and quite often these are served in hotels or restaurants. At home, you can put tiny cubes of toast into soup. Drop about a tablespoon of them in the bowl or dish of soup just before serving.

Readers are invited to address etiquette problems to Claire Wallace, Edmonton Bulletin, Edmonton, Alta.

REPAIRING A LEAKY ROOF

When a roof leaks prompt action is required to avoid more extensive damage. It may be a risky job, so don't attempt to walk on a steep roof without support of a strong rope. Still better, fasten firm hooks on the end of a ladder and hook it over the ridge.

If the attic is unfinished even the smallest holes can be seen from the inside on a bright day and wires or straws can be pushed through them to mark the leafs on the outside. Turn the hose on the roof and watch for drips from invisible leak.

A new shingle or a piece of well painted tin can be slipped under the leaky shingle as a temporary measure. Various roofing compounds of fibrous bituminous material are made for sealing holes. The manufactures usually supply complete instructions.

Without experience, it may be best for the amateur to avoid slate roofs. Additional damage may be caused.

A new roof often can be laid over the old, increasing its rigidity and insulating value. Use the best rust-proof nails and if one goes through a crack, leave it there and drive another in a solid place.

The hardiest winter onion is the red perennial, sometimes called the Egyptian. This produces at the top of the seed stalk a bunch of onion sets. These should be planted this fall, a foot apart in the row, in rows two feet apart. As the ground thaws in spring, it grows stalks like green onions. Part of each clump may be pulled up and used, and with this annual thinning, and ordinary cultivation, the plants will live indefinately.

Spinach and leaf lettuce for the first spring crop may be planted in the fall to advantage. Prepare the bed and scatter the seed in the row as late as possible before the soil freezes, so it will sprout during the first spring thaws.

Write Claire Wallace, care of The Edmonton Bulletin. Replies will appear in this column.

Save Costly Garden Tools By Checking Winter Rust

Garden tools are precious in this inflation era. Wise gardeners will take care of those they have, knowing that to replace them will cost far more than in prewar days.

Since the great at deterication comes when tools are idle, careful cleansing this fall and dry storage over winter are necessary precautions.

The greatest enemy of tools is rust. This attacks the metal parts during the winter when the tools are in storage and does more damage then than in the summer, when they are in constant use.

To check the rust, first clean all outside metal parts by washing throughly. Caked mud should be softened and removed. Then dry, and cover the metal with a thin film of lubricating grease, or oil. All bearings of wheel tools should be oiled. It is possible to obtain new handles, where the old ones have broken, and these should be set in place this fall.

Spraying and dusting equipment should be cleaned throughly of all old spray materials. Take the nozzles of sprayers apart and clean. Oil the pumps of sprayers, and set them away without screwing down the tank caps, so that the rubber gaskets are not compressed. Dusters should be cleaned, and the outside metal parts oiled, but instead of oil, powdered graphite should be used on the inside.

Make a resolution when your tools have been cleaned, to keep them clean in the future. This will prolong their lives, and make a substantial saving. A rack in which every tool has its place will be found well worthwhile.

The original meaning of coffee (or quahwah, as the Arabs called it) is strength.

Perennial vegetables such as asparagus, rhubarb and hardy onions are better planted this fall than next spring. Asparagus and rhubarb will be ready to harvest a full year sooner.

Answer to Previous Puzzle

Or Explain Why Not

Ottawa Urged Drop Cattle Export Ban

By Chester Bloom
Edmonton Bulletin Ottawa Bureau

OTTAWA, Oct. 11.—Premier Stuart Garson of Manitoba issued a statement Friday morning after a conference with Dominion government officials urging the lifting of the embargo on shipment of Canadian cattle to the United States unless hitherto undisclosed "unanswerable reasons" against it were made public.

MR. GARSON SAID the government officials had promised careful consideration of his request.

Mr. Garson's statement said that "if the embargo were not lifted, these reasons should be clearly stated in order that everyone would know why the Dominion government did not, upon balance, consider it wise to lift or relax the embargo. The embargo should be lifted or good cause shown why not."

The statement was brought about by what Mr. Garson said was a livestock situation in the west becoming more serious daily due to the strike of packing house workers.

The full text of Premier Garson's statement follows:

"IN THE ABSENCE of the Hon. J. G. Gardiner in Western Canada, Premier Garson conferred today with Dominion officials with regard to the livestock marketing situation created in Western Canada by the packing house workers' strike. He pointed out that the situation was becoming more serious daily and that an unfavorable break in the weather would make it critical.

"It was through no fault whatever on the part of the livestock raisers that the strike was now in progress. Yet there was a possibility, developing into a probability, that of all those affected by the strike, the livestock producers would lose the most. Since they were innocent of any fault it was most unfair that they should bear any loss, let alone the greatest loss. There was an obligation, therefore, to keep their losses to a minimum.

"The Hon. D. L. Campbell, Manitoba agriculture minister, had urged in September that to this end the federal government should lift the embargo upon Canadian cattle shipments to the United States, which in normal times is the market for the bulk of our cattle exports.

"PREMIER GARSON pointed out that the responsibility for the embargo and its continuance was the Dominion government's. All the facts justifying the continuance or the removal of the embargo were in the possession of the Dominion. The provinces did not have such facts. The Dominion might have in its possession facts heretofore undisclosed which might indicate that to lift the embargo was, upon balance, unwise in relation, for example, to our whole price structure and cost of living index or to our obligations to supply food to Great Britain.

The strike, in his opinion, made it necessary to re-examine the cattle embargo policy. He urged that the most careful and sympathetic consideration should be given to the situation into which the packing strike had plunged the livestock raisers. If it appeared that by relaxing the embargo even temporarily the situation could be eased and the livestock producers' losses minimized, such a step should be taken unless there were still unanswerable reasons not so far disclosed, for not taking it.

He urged that if the embargo were not lifted these reasons be clearly stated in order that every one would know why the Dominion government did not, upon balance, consider it wise to lift or relax the embargo. In a word, the embargo should be lifted or good cause shown why not. The Dominion officials promised that the most careful consideration would be given to Premier Garson's representations."

U.K. to Stretch Canadian Loan

By JAMES McCOOK

LONDON, Oct. 11.—(CP)—A reduction in British drawings on the Canadian loan is probable in the coming months as part of a determined effort to make it last at least another year, informed sources said Friday.

On Sept. 2 the United Kingdom had drawn $815,000,000 of the $1,250,000,000 credit granted by Canada in 1946.

The loan was announced March 7 and by Dec. 31 approximately $540,000,000 had been advanced. With a strain placed on Canadian economy, drawings were reduced to an average of about $25,000,000 monthly in the first six months of 1947.

When Britain's economic crisis and dollar shortage troubles became acute, drawings on the Canadian loan jumped to $50,000,000 in July and $60,000,000 in August.

Deplore Slowness Grain Movement

MONTREAL, Oct. 11. — (CP) — Grain is moving so slowly down from the lakehead that ocean-going ships in port here are filling their allotted grain space with flour, shipping officials reported Friday.

Harried grain officials trying to supply the ships say the situation is "deplorable for this time of year."

October, which is usually the month for a full scale boom in grain shipments overseas, finds the harbor empty of all but a few vessels and some of these lying at anchor waiting for the grain from the prairies.

Lake grain vessels are bringing down good supplies of domestic feed grains but export wheat is not moving yet.

Airborne Training Planned for Army

OTTAWA, Oct. 11.—(CP)—Another step in Canadian Army plans to have its entire active force brigade group schooled in airborne training and completely air transportable was disclosed today with announcement that 50 gliders for basic airborne instruction soon will be distributed to units across Canada.

Army headquarters said glider erection teams from the joint air school (army component) at Rivers, Man., would assemble the gliders at the various centres in preparation for start of unit airborne training. Later advanced training will be given the troops in courses at the joint air school.

At present unit air instructors courses are being given at the joint air school and on completion, unit instructors will return to their units to teach their particular arm basic airborne work. The advanced training for each unit will follow at the Rivers school.

The army named the following western units of the brigade group as those receiving an allotment of the training gliders:

Royal Canadian School of Military Engineering, Chilliwack, B.C.

2nd Armored Regiment (LSH) (RC), Calgary.

PPCLI, Calgary.

Royal Canadian School of Artillery, Camp Shilo, Man.

Joint Air School (army component), Rivers, Man.

Man of 85 Tries to Adopt Woman of 59

SALEM, Mass. Oct. 11. — (AP)—Efforts of an 85-year-old man to adopt a 59-year-old married woman failed because Judge John V. Phelan said he was not convinced the man "understood the full import of what he was doing."

George E. Humphrey, who said he owned two farms in Connecticut told Judge Phelan yesterday that he wanted to adopt Mrs. Grace Humphrey Meigs who had lived in his home for 37 years. Her husband, George A. Meigs, consented.

Judge Phelan advised Humphrey to engage a lawyer to give him full information concerning adoptions.

Mrs. Meigs said she consented to the adoption to clear up details of her birth in Burlington, Vt. She explained there was no legal record of her first name.

Declares Railways Subject to Board

OTTAWA, Oct. 11.—(CP)—The Canadian railways always are subject to the "overriding and paramount" jurisdiction of the Board of Transport Commissioners, J. L. Ralston, KC, argued Friday in the long-standing freight rate hearing.

Mr. Ralston, counsel for the three Maritime provinces, said the contention of the railroads that the board had no jurisdiction over competitive rate increases of 30 per cent being put into effect Nov. 1 thus was "completely unfounded."

The railway act, he held, made it clear that the board had the power to disallow any tariff which it considered to be unjust or unreasonable or contrary to the provisions of that statute.

Mr. Ralston was presenting rebuttal argument before the board on a motion by seven provinces which seek the suspension of the competitive rate increases pending the board's judgment on an application by the railways for a 30-per-cent hoist throughout the entire freight rate structure.

Wins Brand New Car But Can't Drive It

NEW WESTMINSTER, B.C. Oct. 11.—(CP)—Stanley Leroux was not overjoyed yesterday when he received word that he had won a $1,800 automobile in a raffle. Only two days ago he was fined $100 for speeding —and had his driver's licence suspended for one year.

East Doctor Faces Abortion Charges

MONTREAL, Oct. 11.—(CP)—Homicide squad police last night arrested Dr. Albert Desparois on charges of conspiracy to commit an abortion and attempted abortion after he allegedly committed himself in acts and conversations with a policewoman, Mary Elm. Dr. Desparois is the eighth doctor arrested in the current drive against alleged abortionists. Three women have also been picked up. All are awaiting trial on similar charges.

Authorize Boost Of Per Capita Tax

TORONTO, Oct. 11.—(CP)—An increase of the per capita tax from local unions from 50 to 75 cents a month proposed by the executive was authorized Friday by delegates at the annual convention of the Canadian Congress of Labor.

A national health insurance plan was asked, the congress requesting the federal government proceed with it at once.

On old age pensions the convention sought abolition of the Means test and provision of pensions "commensurate with decent living standards" at the age of 65.

Increase in mothers' allowance, the amount not specified, was asked to provide minimum health standards.

On housing, the convention sought a federal project for low-cost housing with long-term payments.

Immediate refund of wartime compulsory savings was asked in another resolution.

On income tax, the congress urged exemption for single persons up to $1,500 and $2,000 for married persons.

Another resolution asked enactment of an adequate federal contributory retirement plan, with employee, employers and government contributing.

On workmen's compensation, it was asked that benefits be increased to 100 per cent earnings.

CPR Steamships To Call at Haines

VANCOUVER, Oct. 11.—(CP)—George H. Baillie, vice-president in charge of the Pacific Region, Canadian Pacific Railway, said last night that Canadian Pacific steamships would include Haines, Alaska, as a port of call beginning next spring. Wholesalers and shippers here said they expected the new route would cut freight rates from Vancouver to Whitehorse, and also to the rest of the Yukon and the Alaska interior, by nearly 50 per cent in some cases. Haines is the southern terminus of the "Haines cut-off" connecting link with the Alaska Highway.

Score 3 Goals In 22 Seconds At Winnipeg

WINNIPEG, Oct. 11.—(CP)—A modern record for rapid-fire goal scoring was believed established here Friday night during a Chicago Black Hawks-Kansas City Pla-Mors exhibition hockey game when three goals were scored within 22 seconds. Hawks won the game 12-6.

In the record books 24 seconds are the fastest time in which three goals have been scored. That was in 1932 when Montreal Maroons performed the feat on home ice in a national hockey league game against New York Rangers.

SCORING honors were spit last night, Alex Kaleta tallying for Hawks at the 25 and 47-second marks in the middle stanza, scoring six times while both Hawks got their farm club to a single. In the third period Hawks added five more, Pla-Mors scoring twice.

MAX BENTLEY paced the winners with four goals, followed by Kaleta with three and Baldwin with two. Singletons went to Brown, Hamill and Prystal.

Blade scored twice for Kansas City, Wilson, Powell, Ashworth and Conn getting singles.

Second game of the exhibition series will be played Saturday night.

First String "Orediggers" from Montana's School of Mines at Butte

—Photo by Bland.

Readhaired Tom Tobin led his School of Mines from Butte into Edmonton Friday, for an American football game with University of Alberta Golden Bears at Clarke Stadium at 2.30 this afternoon. Above is the first string Orediggar squad, snapped in action as they loosened travelling kinks at the Varsity grid yesterday afternoon. The linemen kneeling from left to right are, **Bill Percival, Gil Aikin, Tom Wilson, Jiggs Dunn, Jim Walker, Harvey Barnes, and Bob Dupras.** And forming the backfield at the rear are **Joe Cholini, Bernie Bernstein, Joe Swartz, and John Sweeney.**

SPORTS

HAROLD DEAN, Sports Editor

INTER-CITY HOCKEY RIVALRY BETWEEN Calgary and Edmonton gets away to a fresh start at the arena here tonight, as Stampeders and Flyers open the Western Canada Hockey League season. Calgary and Lethbridge play next Tuesday and Saskatoon invades Regina Wednesday night.

In naming his starting lineup for the senior curtain raiser, Coach Frank Currie last night said that Al Rollins would be in goal for the Flyers with Gordon Watt and Harvey (Pug) Young on defence. Bill Pettinger will be the third rear-guard. Watt was elected captain at an impromptu dressing room session following Friday night's workout.

GORDON WATT

Elmer Kreller, named vice-captain, will centre the starting front-line with Bing Merluk patrolling the right boards and Freddy Smitten the left. Billy Maher, Johnny Black and Bud McPherson, and Louis Holmes, Alex Pringle and Andy Clovechok will be the other two lines, while George Harrison will fill the utility role.

Bing Merluk Signs With Flyers

BING MERLUK SIGNED a Flyer contract yesterday. Bing, in his freshman year at University of Alberta, may not be able to take in all road games, but probably can work in most of the Calgary and Lethbridge dates. Saskatchewan trips, however, definitely are out so far as Bing is concerned.

There were no new developments Friday regarding Morey Rinstad's position and unless a clearance arrives today, the ex-St. Louis Hawk will not be in an Edmonton uniform tonight.

With the exception of Billy Maher, whose sprained wrist still is causing some grief, all Flyers are reported to be in tip-top shape for the first brush with Jack Arbour's squad from Calgary.

Freddy Smitten has been battling a flu attack for a couple of days, but will be at left wing. Stampeders will be at full strength with Russ Dertell in the nets and the great Hunter-Brownridge-Grant line-up front for a starter. George Barefoot is a new Calgary defenceman. "Win, lose or draw, I'm satisfied the boys will give everything they have," were Coach Currie's final words.

Montana Gridders Playing Alberta Today

MARKING A NEW ERA IN COLLEGE sport for Alberta and Montana, the Montana School of Mines squad which arrived in Edmonton Friday plays University of Alberta Golden Bears at Clarke Stadium this afternoon. It will be the first skirmish on a football grid here between American collegians and Albertans.

American rules are to govern, thus affording the fans an opportunity to compare the four-downs-and-no-rouge variety with the Canadian game. The "Orediggers" play in a junior college circuit in Montana comprised of Dillon Normal, Helena Carol College, Billings Normal, Havre and Butte Polytechnic.

Today's contest is the first for Tommy Tobin's Montana squad this season. His boys tip the scales at 190 pounds and all but four of the 28 men served with the American armed forces during the war. Tobin has the team working out of a T formation and, of course, makes full use of unlimited blocking for deception plays.

NHL Honors All-Star Team Members

PLAYERS AND COACHES WHO GAINED berths on the first NHL all-star teams during the 17-year span in which these select squads have been picked, will receive a gold puck and chain from the National Hockey League. Presentation will be made during the All-Star and Maple Leaf game in Toronto Monday night. Fifty-two players and seven coaches have become entitled to the honor.

Eddie Shore, former Edmonton defenceman later with Boston Bruins, made the all-stars seven times, which is more than any other player. Bill Durnan, goalie for Canadiens, has made the grade four times in a row, and Maurice Richard has been selected for the last three years. Lester Patrick has been named all-star coach seven times.

Johnny Michaluk, of Wetaskiwin Canadians and a brother of Art of Calgary Stampeders, seriously injured a knee in a collision with a goal post during Thursday night's practice here. Herb (Hube) Lundmark and Bob Hunt, both of Calgary and both defencemen, are the latest contenders for berths on the club. Ken Cook, a right-winger from Trail, is due to leave Quebec today and will be reporting early next week.

EVERYONE'S BOWLING and enjoying it too . . . There's an alley available for you and your friends. Don't be a stay-at-home, enjoy the fun and relaxation that bowling offers. 22 alleys open for play mornings, afternoons and evenings, after 10:30 or between leagues.
Recreation Bowling Academy
101 ST. SOUTH OF JASPER

Alberta Collegians Setting Tennis Pace

Manitoba Tops Golfers During 1st Day's Play

With the first day's matches wrapped into the records, the Universities of Alberta and Manitoba were in the van of the intercollegiate tennis and golf tournaments respectively yesterday. Play for the net artists continues at the Varsity courts today, while the par busters wind up at the Edmonton Country Club.

In the aggregate tennis total the Alberta squad—Jean McLaws, Helen Lilly, Johnny Stott, and Gordon McLaws—won six of the twelve singles matches played Friday. But Don Hodges, a long, six foot four tennis shark from Regina, caught the eye of the gallery as the individual star on the courts.

DISPLAYING a blazing backhand and a canny net game the number one ace from Manitoba's top-seeded man, Ken MacRae, 6-0, 6-1.

Gordon McLaws, Alberta singles champion, clinched both his matches. He nudged ambidextrous Bob Fuller of Saskatoon 6-3, 6-2, 8-6, and defeated Manitoba's Hugh McMillan 6-2, 6-1.

Mrs. McLaws, the first string Green and Gold lady, went unbeaten in her pair of singles matches.

AND ON THE links the Manitoba crew snatched an early lead. The six men in the tourney hooked up in 27-hole medal play and the half-dozen women in 18 holes. Ed Aseltine from Winnipeg carded 112 over the route to gain a four-stroke lead over the Saskatchewan amateur king, Gordie Prest, 116.

Cam Sadler was Alberta's best. He posted 122 to trail the pace-setting Aseltine by 10 strokes.

A PAIR OF Winnipeg ladies appeared to have clinched the women's crown. Donna Baxter came in with a 97, four better than team mate Barb Morrison with 101. Saskatchewan's Donna Pryce and Mary Lou McCormick had 112 and 114 respectively, while the Alberta contingent of Nellie McClung and Nancy Allen were far back with 144 and 138.

In the tennis all doubles matches will be played today, and the top four golfers in each bracket hook up in match play.

TENNIS
Ladies

Jean McLaws (Alberta) def. Doris Woods (Saskatchewan) 6-2, 6-2; Helen Lilly (Alberta) def. Pat Lawson (Saskatchewan) 6-2, 3-6, 6-4; McLaws def. Gwyn Ballantyne (Manitoba) 6-2, 5-7, 6-4; Mona Carr (Manitoba) def. Lawson 2-6, 6-2, 6-4; Carr def. Lilly 6-2, 6-4; Woods def. Ballantyne 6-2, 7-5.

Men

Gordon McLaws (Alberta) def. Hugh McMillan (Manitoba) 6-2, 6-1; Bob Fuller (Saskatchewan) def. McMillan 6-2, 8-6; Howard Foster (Manitoba) def. Johnny Stott (Alberta) 6-2, 6-1; McLaws def. Fuller 6-3, 8-6; Hodges def. Ken MacRae (Manitoba) 6-0, 6-1; Stott def. MacRae 6-4, 4-6, 6-2.

Women

Donna Baxter (Manitoba) 97; Barbara Morrison (Manitoba) 101; Donna Pryce (Saskatchewan) 112; Mary Lou McCormick 114; Nancy Allen (Alberta) 138; Nellie McClung (Alberta) 144.

Junior Hockey

MONTREAL, Oct. 11.—(CP)—The annual round of the sports menu junior series, sponsored by Frank Selke, general manager of the Forum, will be held here today when Halifax St. Mary's College meets Oshawa Generals in the first game of a best-in-belt Montreal Nationale clash with Winnipeg Canadiens in the nightcap.

Detroit 4-3

WINDSOR, Oct. 10.—(CP)—The National Hockey League Detroit Red Wings scored two goals in the first period and went on to defeat Indianapolis Capitals of the American Hockey League 4-3 last night in an exhibition hockey game here.

Many Veterans on Roster

Canadiens May Play Carse on Punch Line

MONTREAL, Oct. 11.—(CP)—Montreal Canadiens will start the 1947-48 hockey season against New York Rangers next Thursday with an array of veteran campaigners and a liberal infusion of new blood.

Individually, the club ranks as good or even better than the team that won the NHL title last year. Collectively in pre-season games they have shown a definite lack of cohesion and spirit.

LEFT WING still remains the big problem. Bobby Carse, of Edmonton, high-scoring forward with Cleveland Barons last year has been most frequently used with centre Elmer Lach and right winger Maurice (The Rocket) Richard.

That combination means the breaking up of the famous punch line. But Coach Dick Irvin hasn't yet made up his mind that the veteran Toe Blake no longer fits in. Blake has been one of the standouts in exhibition games, and is in first-class physical condition.

IT'S ALMOST a sure thing that the newly formed second line will play intact. It has Billy Reay, a sparkling centre who should go better than ever this year, and Jacques Locas and Howard (Rip) Riopelle, coming up from Montreal Royals of the Quebec Senior League.

The third line can be formed from several combinations, made up of Murph Chamberlain, Jimmy Peters and Johnny Quilty of last year's team and Tod Campeau, another Royal product. Veteran centre Ken Mosdell may be sidelined for months with a fractured arm.

THE DEAL that sent centre Buddy O'Connor to Rangers hasn't yet paid off. Ex-Rangers Joe Bell, a forward, and Hal Laycoe, a defenceman, move down to Buffalo subject to recall.

But with Lach back at his old post and playing in top form after his skull fracture of last season, Irvin has little to worry about with Reay, Peters and others, in an emergency, on call.

THE DEFENCE should still stand out as the best in the league. The ace men are Kenny Reardon and Butch Bouchard, closest on the No. 1 All-Star team. Glen Harmon, another veteran, and Roger Leger, in his sophomore year, or Doug Harvey, a hefty boomer up from Royals, are in reserve. It is possible Laycoe won't stay long with Buffalo, for the tall defenceman showed good form in pre-season games. The veteran Leo Lamoureux has moved down to the Bisons and Frankie Eddolls, who played with both Buffalo and Canadiens last season, went to New York in the Ranger deal.

The only worry about the goal job is whether Bill Durnan's knee holds up. The four-times Vezina Trophy winner underwent an operation for a torn cartilage late in the summer and the healing process has been slow.

Kayo in Ninth

DETROIT, Oct. 11.—(AP)—Jersey Joe Williams, the transplanted Georgian who has been both the National Boxing Association and New York versions of the lightweight championship, registered a technical knockout over Talmadge Bussey of Detroit last night in the ninth round of their scheduled 10-round outing. Williams, who weighed 139 pounds, Bussey 138.

Awarded Medal

LONDON, Oct. 11.—(AP)—Olympic hero Arthur Wint Macdonald Bailey of Trinidad, who runs for a London athletic club was awarded the Harvey Memorial Gold Cup yesterday for the best performance in the Amateur Athletic Association championships in July.

The sprinter won the 100 yards in :09.7 and the 220 yards in :21.7. The trophy is given annually.

Winnipeg Flyers Outscore Capitals At Regina 9-6

REGINA, Oct. 11.—(CP)—After trailing 3-0 at the end of the first period, Winnipeg Flyers of the Manitoba Senior Hockey League outfought Regina Caps of Western Canada Hockey League 9-6 in an exhibition game here Friday.

Winnipeg scored five goals in the second and four in the last period with Mike Yaschuk getting four and Don Raleigh and Jack Kernahan two each. Ab McDougall scored three for Regina—two of them eight seconds apart in the second period.

Goals by McDougall, Hauck and Van Deelan put Regina ahead in the opening period but Yaschuk Fuller or Saskatoon 6-3, 6-2, 6-4, and defeated Manitoba's Hugh and Kernahan each scored twice in the second and Raleigh added one to tie the score 5-5 at the end of the period.

Yaschuk added two more in the last period while O'Connell and Raleigh each scored to put the game on ice.

Vancouver to Get $200,000 Track

VANCOUVER, Oct. 11.—(CP)—A 5/8 furlong race track, costing $200,000, will be built at Hastings Park in time for the 1948 races, it was announced yesterday by Mackenzie Powell, president of the Pacific National Exhibition.

The present track is four furlongs.

SAM RANDALL, who holds a 20-year lease on the track, will pay half the construction costs.

Denies Sponsoring Intermediate Club

Thomas Dancer, manager of Sicks' Edmonton Brewery Ltd., denies that his company is sponsoring a club in the intermediate hockey league, formation of which was reported earlier this week.

Sprinter Equals Olympic Record

TOKYO, Oct. 11.—(AP)—Charles (Peanut) Hayes, Australian sprinter, Saturday equalled the Olympic record of 10.3 seconds in winning the 100-metre dash and took two other first places to lead British occupation units to triumph in the all-Japan track and field meet Thursday.

Hayes, from Windsor, Australia, had equalled the Olympic record on the initial day of the meet.

HIS OTHER two first were in the 200 metre sprint, in 21.2, and the broad jump, with 22 ft. 7in.

British entrants garnered 48½ points.

Ryder Cup Player Cops Golf Replay

SUTTON COLDFIELD, Warwick, England, Oct. 11.— (Reuters) — Arthur Lees, one of the last players to be nominated for the British Ryder Cup team, yesterday won the Dunlop Masters' tournament, defeating Australian Norman Von Nida in a 36-hole replay with a total of 141 against 145.

LEES, AN outstanding Yorkshire professional, gained a lead of five strokes in the morning round with 71 against 76 for Von Nida, who in the afternoon equalled the course record of 69.

Eddie Shore's Rangers Head Home to Texas

SASKATOON, Oct. 11.—(CP)—Eddie Shore's Fort Worth Rangers concluded their training chores here Friday, leaving for Texas by way of Winnipeg.

Oakland Oaks, Shore's Pacific Coast League farm club, will wind up its camp today and leave for the west coast Sunday night.

"MR. HOCKEY" was present for the team's final workouts, and, with acting manager Gordon (Tony) Savage of the Rangers and Tony Hemmerling of the Oaks, elected the players for each team.

Players selected for Fort Worth were: goalies, Freckles Little and Phil McAtee; defencemen, Bob Drainville, Verne Kaise, Rudy Brodeur, Ken Terry and Hal Hurley; forwards, Russ Kopak, Len Mutcheson, Paul Bedard, Freddie Weaver, Alex Ritson, Jack Hughson, Wimpy Jones, Otto Schmidt and Paul Platz.

THE OAKLAND party will include: goalies, Bev Bentley and Ralph Tattan; defencemen, Ralph Hoskings, Harold Johnson, Aubrey Travis, Stan Jones, Bill Jones, Gordon Sundin, Gordon Scott, Gordon Cruickshank, Al McDougall, Gaff Turner, Len Thurston, Tex Moning, Lou Miland, Ray Smerk and Bernie Ruel. Average age of this club is 20 years.

Prior to leaving for Springfield Friday night, Shore announced that Don O'Hearne, goalie, had been loaned to Baltimore of the USAHL for the season. O'Hearne will leave tonight for Montreal.

Yankees Divide Series Shares

CINCINNATI, Oct. 11.—(AP)—The world champion New York Yankees will divide their series money into 24 full shares and one three-quarters share, with each full share amounting to approximately $5,900, it was learned yesterday.

Thirty-two members of the losing Brooklyn Dodgers will get approximately $4,000 each and two others on the club will get half-shares, it was understood.

PLAYERS on each team finishing second in the pennant race—St. Louis in the National and Detroit in the American League—will divide $37,026.

In Junior Rugby League

Scona Tags Westglen With an 11-0 Setback

Gridiron action resumed in the inter-school junior six-man rugby division Friday afternoon, and when the final whistle was tooted, Scona's green and golds had thrown Westglen for an 11-0 loss.

By copping their second victory in as many starts this season, Scona climbed into the driver's seat in the southwest junior group league.

Because of wet grounds, the Scona six, clad in their traditional green and gold uniforms, seldom were allowed to execute their fast concentrated plays.

THEY SCORED the first touchdown of the game on the last play in the first quarter. Don Baker, who scooped up a Westglen fumble, carried the pigskin across the line. The convert kick failed.

Through the second and third quarters, neither team were able to put their mark on the wall. But in the final canto, Scona again tallied a major, with Ay Bryant on the receiving end of a pay-off pass.

GEORGE DAVIS heaved the scoring pigskin and also split the posts for the extra convert point. In gaining the nod Scona kept its slate clean, as no defeats have been registered against its junior, high team or senior teams thus far this season.

Westglen: Podolski, Gordon, Disturnal, Henry, Wagner, Diamond, Parker, Vance Barnes, Forrest, Johnson, Williams, Stewart.

Scona: Davis, Bryant, Stogryn, Duncan, C. Evans, R. Evans, Anderson, Schwarz, Barker, Williams, Brenda.

12-Man Football "Carries On"

Eastwood Pins 17-0 Setback on Lacombe

High school 12-man rugby got away to a flying start last evening when Eastwood administered a 17-0 defeat to Lacombe before approximately 500 fans at Clarke Stadium.

Playing even better than their coach Don Baker had anticipated, the Eastwood club worked well as a unit and held a wide edge over the visitors in every quarter.

Hero of the night's play was Doug Swail, who had had junior experience with the Maple Leafs Doug went over for three touchdowns and converted two of them.

CARL HARTSON was a tower of strength for the winners and the first touchdown came in the first quarter after he had picked up 30 yards on two first downs. Swail went around the end on a 35-yard spurt for the major points and then kicked the convert.

The second quarter was scoreless, but Eastwood held a wide edge in play throughout. With Gordon Dromosky and Kerry Cameron doing most of the plunging in the third, the ball was advanced from the Eastwood 30-yard strip to within striking range of the Lacombe goal line. From there Swail crossed the line on an end run, but the convert failed.

A SMART 30-yard pass, Don Haliburton to Swail, provided a touchdown in the fourth frame.

After taking the pass, Swail sprinted 35 yards for the major score. Swail kicked the convert.

The result of the game and the fine team play of the Eastwood Club was sufficient encouragement for the team officials to carry on. Baker announced after the match that a return game would be played in Lacombe on Monday afternoon and that Eastwood would take on Westglen High School on Wednesday night at Clarke Stadium, commencing at 8 o'clock.

LINE-UP: Eastwood—Goode: guards, MacDonald, Meadows; tackles, Riley, La Naure; ends, Baldwin, Gilmore; quarterback, Calkins; halfbacks, MacKenzie, Hayworth, Frizzell, A. Calkins. Subs, Ross, Brooks, Eddy, Rosselle, Simpson, Barnes, Kohlandaj, Parsons, Chiswell, Bright, Hopkins.

Eastwood—Centre, Poprosky; guards, Hartog, Cuff; tackles, Roskey, McNicol; ends, Aldrich, Henborn; quarterback, Mitchell; halfbacks, McDonnell, White, Hartson, Cameron. Subs, Tookey, McNab, Gibson, Grabow, Lange, Brady, Dromrosky, Haliburton, Batchelior, Gunn, Swaile.

Leafs Praised By Frank Selke

MONTREAL, Oct. 11.—(CP)—There are times when Frank Selke can do more a-feudin' with the Toronto Maple Leafs club than all the Hatfields and McCoys put together ever did down in the Kentucky hills. But the All Stars-Leafs hockey spectacle next Monday night isn't one of those times.

MONTREAL Canadiens' general manager came out yesterday with unstinted praise for the Leafs as stars in their own right. And that's the team that knocked his Canadiens out of the Stanley Cup final last spring.

Selke doesn't try to make out a case against the starry greats of the National League who will perform as a team in Maple Leaf Gardens. But he does think the "experts have gone into a rave" about the players of the All-Star team, putting too much stress on their ability.

"AFTER ALL, these All-Stars won their awards through the opinions of managers and coaches on the season's play," said Selke. "But it might be well to remember that the Maple Leafs are world champions."

Hershey in Trade With N.Y. Rangers

HERSEY, Pa., Oct. 11.—(AP)—Hershey Bears of the American Hockey League announced last night that Gino Rozzini, together with the rights to two rookies, has been traded to New York Rangers of the National Hockey League in exchange for Norman Tustin, left wing, and Norm Larson, right wing.

Rozzini, a centre ice player, is from Shawinigan Falls, Que. Tustin is a Regina product and Larson comes from Moose Jaw, Sask.

The Bears also announced that Bus Wycherley of Saskatoon, left winger, has been traded to Cleveland Barons for Roland McLenahan of Fredericton, defence man.

The Bears meet Boston Bruins here at Hershey arena in the final of a series of pre-season games.

EAC Practice

Edmonton Athletic Club Juniors will hold a practice at the arena tomorrow morning commencing at 10 o'clock.

Handicap Kings Sit This One Out

CAMDEN, N.J., Oct. 11.—(AP)—The muddled three-year-old turf championship picture could be cleared somewhat today as a pair of title contenders—Cosmic Bomb and Double Jay—met six older horses in the $50,000 Trenton Handicap at Garden State Park.

While such handicap kings as Armed and Assault sit this one out, Cosmic Bomb, winner of the Lawrence Realization for William Helis and Double Jay from the Isabel Dodge Sloane Stable figure to make a two-horse affair of the 1⅛-miles jaunt.

THE HANDICAP, richest of New Jersey's stakes, winds up a 42-day meeting in which both the attendance and wagering will show a decline from 1946.

A total of 638,821 persons passed through the turnstiles during the first 40 days as compared to 755,028 for a like period last year. They have wagered a daily average of $1,560,106 against 1946 figures of $1,706,281.

Toronto Beaches Trip Windsor 8-1

TORONTO, Oct. 11.—(CP)—A last half drive in which they netted all their points last night gave the injury-riddled Toronto Balmy Beach an 8-1 victory over Windsor Rockets in a Senior Ontario Rugby Football Union game under flood lights at the Toronto Baseball Stadium.

Beaches played without several of their running backs and with others limping. They gained sole possession of second place behind the Hamilton Wildcats.

BEACHES came from behind with a converted touchdown in the third quarter and a single in each of the last two frames, overcoming a one-point lead Rockets gained in the second quarter.

With veteran Johnny Lake playing a good portion of the game, and acting as a steadying influence, the Beaches for the first time in their last few games made few fumbles to hang onto the ball and outplay the Rockets.

Sell Fielder

CHICAGO, Oct. 11.—(AP)—Chicago Cubs yesterday sold reserve outfielder Marv Rickert to Cincinnati Reds for an undisclosed sum. Rickert was with the Cubs two seasons, batting .153 in 70 games this year and .265 in 131 games in 1946.

Alex Taylor Places Second

Norwood School Wins Track and Field Meet

Students of Norwood school proved to be the hottest contestants in the 35th annual track and field meet for north district schools at Clarke Stadium, Friday afternoon, compiling a total of 11 firsts and five thirds, they edged Alex Taylor for major honors.

In getting the nod for second place, Alex Taylor pupils picked up seven firsts, two seconds and five thirds. Next on the list was Highlands with five firsts, two seconds, and six thirds.

NORTH DELTON with three firsts, five seconds and one third, garnered fourth spot, while H. A. Gray was next in the win department with two firsts, 10 seconds and three thirds.

Other results were: Eastwood, two firsts, three seconds and five thirds; Parkdale, one first, four seconds; Inglewood, North Edmonton and Strathcona, one first and five seconds; Avonmore, one first and two seconds; Crossdale had four thirds.

Report Filchock Permitted to Play

HAMILTON, Oct. 11.—(CP)—Informed quarters here said last night that the Interprovincial Rugby Football Union today will make announcement that it has rescinded its previous ruling that Frankie Filchock is ineligible to play football in the Eastern Big Four.

FILCHOCK is a former football star with the New York professional Giants and was suspended by the U.S. professional league for failure to report immediately a bribe offer. He was obtained by the Hamilton Tigers and has played in several games to date, despite a league ruling of his ineligibility and a further ruling that any game he would be played would be an automatic defeat for the Tigers, regardless of the score.

Filchock was out of the line-up last weekend because of illness and although he became coach of the Tigers last Monday he was not present at practices. His doctors said last night that Filchock would be able to get on the field Saturday.

THE TIGERS Saturday battle Toronto Argonauts here and play a return game at Toronto on the Monday holiday.

Plain Architecture New City Schools

A complete absence of costly ornamentation characteristic of school building architecture of earlier years will be a notable part of the Edmonton school board's building and expansion plans already underway and slated to cover several future years, R. B. Sheppard, superintendent of the school board, told listeners at meetings held Wednesday and Thursday at Forest Heights and Allendale schools.

The new plans, shown to the meetings by W. T. Butchart, school board architect, emphasize provision for future expansion at minimum expense and accent simplicity of design and thorough planning for maximum functional utility.

In this respect the plans provide for expansion by 12 or 16 rooms from the present six rooms being built in each area as a first unit in the program. All classrooms will be on the ground floor.

Mr. Sheppard outlined the problems encountered in the post-war overcrowding of Edmonton's school accommodation. Births had doubled in the past 10 years and this was complicated by the heavy demands for housing. Lack of essential building materials during six years of the war and continuing construction difficulties had created school problems not only for Edmonton but for other centres throughout Canada. The problem was not exclusive to Edmonton.

Guests of Mr. Sheppard, chairman of the Victoria school board A. I. Curtis and Mrs. Curtis were present at the meetings. On invitation Mr. Curtis outlined the problems facing the school administration in the British Columbia capital city. Not so much from availability of lumber, but from other essential materials the difficulties faced at the coast city were comparable to those in Edmonton.

Both meetings were well attended.

To Discuss Route Trans-Canada Road

A meeting to prepare counter moves to the Lethbridge mayor's recent request to Ottawa urging the building of the southern route of the trans-Canada highway through Medicine Hat, Lethbridge and Calgary, will be held in Vermilion, Oct. 15, and will be attended by James A. Christiansen, chairman of the Chamber of Commerce highways committee; Charles H. Gram, K.C., Edmonton barrister, and Mayor Harry Ainlay, president of the Yellowhead Route Association.

Support Partition

(Continued from Page 1)

dling partition, and the all-important question of enforcement.

JOHNSON DID SAY, however that his government feels the urgency of the situation is so great that "the general assembly must recommend a solution at this session."

He claimed that the assembly by admitting the commission's recommendations to the agenda of this session, did not "undertake to assume responsibility for the administration of Palestine during the process of transition to independence."

"Responsibility for the government of Palestine now rests with the mandatory power (The United Kingdom).

"The general assembly, however, would not fully discharge its obligation if it did not take carefully into account the problem of implementation."

HE DID NOT MAKE any detailed reference to the fact that the British delegation has given notice that the mandate will be surrendered as soon as practicable and all British influence withdrawn regardless of what action is taken on the UN commission's recommendations.

Objective Is $125,000

Chest Drive Receives $41,680 in Four Days

A total of $10,967 in contributions was reported to the Edmonton Community Chest headquarters Friday, to boost the four-day total of the $125,000 drive for funds to $41,680.

Sunday Speaker

THE REV. J. R. COX

Contributions reported by the employee group Thursday totalled $2,784, to bring the total amount recorded by this group to $18,824. The industrial group reported a good day Thursday. Firms in this class contributed $7,462 to the Chest, to swell their total to $18,680.

More contributions from the residential districts are expected as soon as the weather clears, campaign officials stated early today. Rain has hampered canvassers in their collections. The business zone contributions are coming in steadily, E. W. Stibbards, secretary of the Chest, said.

Following is a list of Thursday's contributions to the Chest:

INDUSTRIAL-COMMERCIAL:

Healy Motors Ltd., $200; Price Andrews Ltd. $75; Price Andrews Ltd employes, $25; Western Canada Hotel $100; McLeod Building Supplies, $40; Weller & Williams Ltd., $100; Tavish Business College $100; McTavish Business College employes, $21; National Trust Co., $75; National Trust Co. employes $63; Blakey and Blakey, $50; Miss Billie Smith, $12; Toronto General Trust, $60; Jas. McGinnon Ltd. $30; Sydie, Sutherland, Driscoll, $200; H. Stanley Clark, $50; W. H. Clark Lumber Co., $420; W. H. Clark Lumber Co. employes $200.

Dr. M. Dolgoy, $10; W. H. B. Wilson, $25; Dr. R. A. McEwen, $25; Dr. C. F. Eastwood, $25; Dr. Lou Heard, $20; Dr. R. C. Gross, $50; Dr. M. Kline, $10; Miss Betty Culleene, $10; Dr. J. Jackson, $10; Dr. Geo. A. Rives, $15; Dr. J. D. McLean, $15; Dr. D. E. Florence, $10; Dr. A. Cormont, $20; Dr. W. F. Gillespie, $25; Dr. M. A. McIntyre, $25; Dr. D. F. McIntyre, $25; Dr. Wm. S. Archibald, $10; Dr. H. R. Maclean $25; Dr. R. S. McQuillan, $25; Dr. W. W. Haynes, $100; Dr. F. B. Quehl, $10; Dr. Lloyd Murray, $10; Dr. T. G. Hucknell, $125; Miss Evelyn Ewen, $10; Dr. L. P. Mousseau $15.

Miss Louise Mason $10; Dr. John Semmens, $10; D. A. A. Duncan, $50; Dr. J. H. Carmichael $50; Dr. Allen Day, $50; Dr. C. H. Linnell, $35; Dr. J. Kendall, $20; Dr. John Crocker, $50; Dr. G. N. Tucker, $25; Dr. Alex. A. Gossen, $10; Dr. P. H. Wheeler, $10; Dr. B. T. Whitney, $10; Dr. C. M. Mewburn, $50; Dr. P. Bourque $15; Dr. W. A. Mclver, $10; Dr. F. A. Hay-Roe, $15; Central Dry Goods Ltd. $60; Central Dry Goods Ltd. employes, $15; Wessler Ltd., $100; Luna Gas Co., $10; Sunland Motor Coaches Ltd., $25; Alta Motor Boat Co., $12; Liquid Carbonic Canadian Corp., $25.

McLean, Castle Hotel, $25; J. H. Reed $25; D. G. Latta Ltd., $100; Prairie Hose Mfg. Co., $20; I. Backus, $10; Norwood Foundry Co., $50; Swans Drug Store, $40; Merrick Drug Stores Ltd., $100; Canadian Coach-work, $25; Lindale Motors Ltd.,

McDonald Church Will Celebrate

Thanksgiving services at McDonald Baptist church will have a special significance to members of the congregation, since they will mark also the thirty-fifth anniversary of the foundation of the church here and the dedication of two additional rooms to house auxiliary church organizations.

Thirty-five years ago charter members of the congregation met in a tent, pitched near the present site of the Woodland Dairy plant. In those days the church was known as Syndicate Avenue Baptist church, but the name was later changed to the present one in tribute to Baptist missionary work.

Progress since that time has been steady, and Sunday the church will celebrate one further forward step when it dedicates the newly opened rooms to the service of the religion and the community.

The Rev. Stewart D. Trites, pastor, announced Saturday that special thanksgiving anniversary and dedicatory services would be held Sunday morning with the Rev. James E. Cox, Nashville, Tenn., occupying the pulpit.

On Sunday evening Prof. Clifford Elson of St. Stephen's college will bring a special Thanksgiving day message to the congregation.

The annual church banquet will be held on Wednesday with the Rev. Dr. Gordon Jones, pastor of First Baptist church, Calgary, as guest speaker.

Life Underwriters Attend Dinner

More than 80 members and their wives attended the annual dinner and dance of the Northern Alberta Life Underwriters Association at the Macdonald hotel, Friday night.

The guests were thanked for its generous support of the Community Chest drive by E. W. Moore, president of the Life Underwriters Association, after delivering the toast to the Dominion. Community Chest. Mr. Moore said in thanking you for the splendid way you have come to bat I want to assure you that the Chest is going to carry on its work in the current drive, but the need is all pervasive among all the people in all walks of life. Some more get an employment. You will have noticed that this is the current campaign.

A presentation of a pair of Canada War medals of honor and life membership in W. Stewart, secretary-manager of the association, to George Irvine, for 25 years a local agent in spite of the fact that he was in the service of the Royal Navy during the last war, was made by Ralph Moore, superintendent of insurance for the province and president of the association for the coming year. Following the presentation, Mr. Irvine was called upon to say a few words. He thanked the association for the honor and for the kind words of appreciation.

Ralph Moore, superintendent of insurance for the province and president of the association for the coming year, presided over the meeting. Following the presentation, Mr. Irvine was called upon to say a few words. He thanked the association for the honor and for the kind words of appreciation.

Says Assassination Plot was Planned

BUENOS AIRES, Oct. 11.—Alleging Judge Juan Maria Lezica ordered 11 men held for trial yesterday on charges connected with an alleged plot to assassinate the wife of President Juan D. Peron. He said there was evidence that the assassination had been planned as a step toward an armed uprising against the government.

Claims Mistrust Among Indians

The Rev. L. E. Wilton, addressing a rally service in the First Baptist Church on a recent evening stated that mistrust between Hindus and Moslems is the reason true democracy is not enjoyed in India.

Mr. Wilton served as a missionary in India from 1927 to 1942 when he became civil defence officer for the Assam government. He later was secretary for the YMCA for Assam and east Bengal.

The Rev. George Edwards of Stalheena Baptist Church introduced the speaker. About 200 members from Baptist churches in Edmonton attended the meeting.

Music was supplied by a mixed chorus with Cora Sweitzy as [illegible]

Housing Official, Scott Hastie Dies

Scott Hastie, assistant director of housing for the provincial government, died early Friday morning at his home 10014 102 avenue. Mr. Hastie had been in good health the previous evening, but had contained of a pain in the region of his heart early Thursday evening.

He had changed a tire on his car previously and with Mrs. Hastie had driven to the public library where the attack started.

He drove back to his home, where he died early Friday.

Mr. Hastie entered the government service in 1938 and was responsible for the establishment of the government's implement parts depots throughout Alberta. During the war he worked with the American army on behalf of the Alberta government.

He was appointed to the post of assistant director of housing about a year and a half ago.

He is survived by Mrs. Hastie and one son, Peter at Red Deer.

No announcement has yet been made on the funeral arrangements, which will be in charge of the Connelly-McKinley funeral home.

Forests occupy 30,000 square miles of territory in Norway.

LUNA GAS LTD.

"Distributors of Algas for the North"

This company has now received several shipments of Luna Gas (propane) by tank truck and by railroad tank car, and revision of the price schedule has now been established as listed below:

THIS WILL NOT AFFECT ANY CUSTOMER WHO HAS ALREADY MADE AN INSTALLATION, OR WHO HAS PLACED A DEPOSIT ON ONE. LUNA GAS LTD. WILL CONTINUE TO SERVE THESE CUSTOMERS AT THE CONTRACTED PRICE

The Revised Price is as follows:

In Bulk ..... 5c per lb. *(about 25c per gal.)*
In 'Pigs' ..... 7c per lb. *(about 35c per gal.)*
In Cylinders ..... 8c per lb. *(about 40c per gal.)*

Monthly cost of operating various home appliances at the above prices, based upon a large number of homes, both rural and urban, in the northern United States (this is the average—some will be more, some less):

For Cooking:
Bulk purchase, 35 to 56 lbs. per month ... $1.80 to 2.80
Cylinders ..... 2.16 to 4.48

Hot Water Heating:
Bulk purchase 4.10
Cylinders ..... 4.92 to 6.56

Refrigeration:
Bulk purchase 2.15
Cylinders ..... 2.58 to 3.44

Combined Cooking, Hot Water Heating, Refrigeration:
Bulk purchase ..... 8.05 to 9.05
Cylinders ..... 9.66 to 14.48

HEATING

Where COST of heating is a primary consideration we do not advise the use of Luna Gas (propane) for all your heating. We suggest you retain your present furnace installation for extra cold periods. At other times the use of radiants and small circulating heaters can add greatly to the comfort of your home, without too great an expenditure.

DO NOT CONVERT YOUR FURNACE TO LUNA GAS UNLESS YOU ARE PREPARED TO PAY EXTRA FOR COMFORT AND CONVENIENCE

Remember that Alberta has real reasons to install natural gas. All these are destroyed to serve the rapidly expanding industrial [illegible] are to be conserved. LUNA GAS is a conservation gas in the truest. With them, have the assurance of continued [illegible]

At the present prices LUNA GAS has all the advantages of gas as a conversion fuel at moderate cost. Gas heating is [illegible] and completely automatic. It is the most fuel for heating with, of portable, [illegible] space heating.

Make [illegible] investigate with [illegible] Investigate to find very [illegible] gas heating [illegible]

JOHNSTONE WALKER LIMITED

A Dream Come True...

After long months of planning - working - waiting for building materials their dream home is ready to move into. To complete their happiness and comfort they need gas service - and they can be assured the Gas Company is doing everything possible to get gas to them at the earliest moment.

But, gas cannot be delivered in boxes, nor by parcel post. To deliver gas, we need pipes of steel or iron — control valves — pressure valves — fittings, etc. — and there's the difficulty.

To meet the problem in the fairest way the Gas Company has adopted the plan of allocating service installations on the basis of actual immediate need.

We know it is annoying to have to wait for gas, but we hope it will not be for long. No company that works as hard as we are working to secure these necessary materials can long be denied. The situation is improving—but it will take a little time to catch up with the extraordinary demand for services. We count on your patience and co-operation until materials become more plentiful.

EDMONTON'S GAS COMPANY

Natural Gas for Home and Industry

Edmonton Bulletin

Paul Gallico Says:

You must have been as surprised as I was to learn from the account of the abortive effort of the Steele Gang to bomb London how simple and inexpensive it is for private parties to organize a small air force on individuals with whom they are temporarily out of sorts. As far as I can make out, the boys made a couple of bombs out of old fire extinguishers, chartered a plane, engaged a pilot and were ready to open shop. The fact that the American pilot lost a rush of brains to the head and turned them in and that the police took a dim view of the idea is beside the point. One cannot help getting ideas with the notion of building up a nice little business.

How does it sound? "BOMBS AWAY, Inc., Paul Gallico, President. Bombs dropped for all occasions. Are you tossed, annoyed, irritated or out of sorts? Are you harboring a slow or fast burn? Let

Emigration Sponsor Tours Canada

Wants Ten Million Britons Leave Old Land For Canada

Convinced the only solution to Britain's serious economic plight lies in a mass migration of 10,000,000 of her population to sparsely-populated and resources-rich Commonwealth countries like Canada, George Wadsworth, Liberal member of the British Parliament for Buckrose division of East Rodney, Yorkshire, is in Edmonton seeking Canadian support for his plan.

MR. WADSWORTH is accompanied by Malcolm Hollingsworth, head of one of Britain's largest road transport firms who is looking into possibilities of opening a large establishment in some Canadian marketing centre.

The British visitors have had three engagements in Ottawa since Old Country men and women in Canada before the Dominion government and the governments of Ontario Manitoba and Saskatchewan to-day.

Saturday they moved to see Premier Ernest Manning and other members of the Alberta cabinet and present the plan here. They then will continue on to British Columbia where they will likewise speak to the B.C. government.

The proposal to bring 10,000,000 Britishers to Canada already has been placed before Prime Minister Attlee of Great Britain, by Mr. Wadsworth.

IN AN INTERVIEW here Mr. Wadsworth declared Great Britain has passed the peak in her current export drive and predicted that within six months there would be a grave unemployment crisis as a result of cutbacks in coal to the bone.

"I believe the country is at the

He is the son of Dr. and Mrs. Lobb, 10310 Jasper Ave. Mr. Lobb received his early education at Strathcona high school. While attending Dr. Patterson, Mr. Lobb will work for his masters degree.

Church Services Planned

Observe Thanksgiving Holiday on Monday

Thanksgiving Day, symbol of man's gratitude for blessings received and for dangers avoided, and which will be observed throughout Canada on Monday, was first observed at Plymouth by the Pilgrim Fathers in 1621 in grateful recognition of the fact that they had found freedom in their new land.

SINCE THAT TIME the holiday has become one of annual observance particularly on the American continent. In Canada it is set by proclamation of the governor-general, as round bar in the United States Nov. 14 has been set aside as the date for observance.

This year, Edmonton, along with the rest of Canada, will observe the holiday on Monday in many ways.

The religious significance of the day will be observed in Edmonton churches on Sunday when pulpits and altars will be decorated in symbols of harvest, sheaves of wheat and ripened fruits of vine and branch.

At one Edmonton church, Emmanuel United, 9a Jasper Ave. east, a special thanksgiving service, conducted by Rev. Dr. McDougall United Church will celebrate its 26th anniversary Sunday by special services to commemorate that event and the Thanksgiving festival.

FIRST PRESBYTERIAN church will end a young people's party in the church over the week-end. The services planned Sunday morning and evening have been arranged by the Rev. J. Buchanan. At 8 p.m. the Theme "Thanksgiving" is going to be one of Sam's favorite kind of feast, turkey and chicken, are forgotten about and other kinds of meat, so hundreds of Edmonton families are anticipating meeting their kin folks and all enjoying a dinner with its accompanying good cheer.

Many Edmonton theatres are presenting midnight previews of current motion pictures, showings of which will commence at mid night Sunday.

Local dealers in sporting goods report a brisk demand for all other sports will be out Monday, shooting and evening in search of the elusive mallard, and Canada goose.

Road and weather conditions will determine how many of the holiday visit slough sides for the holiday.

The same conditions will also determine how many families will journey to nearby beaches to close summer cabins and to take a last look at favorite summer resorts.

If weather conditions permit, it is expected that farmers will be busy in their fields threshing the crops, rain-saturated for many weeks.

In addition to other activities, sports events are also scheduled for the week-end. The first football game against the University of Alberta Golden Bears by an American college team will be played on Saturday afternoon at Clarke Stadium when the Montana School of Mines aggregation meets the Edmonton club.

Opening game of the Western Canada Hockey League will be played at the Arena Saturday night when Calgary and Edmonton battle for the opening months of the season.

So-Ed Activities Offer 7 Programs

Meetings of those taking part in Social activities under the auspices of the Y.W.C.A. and Y.M.C.A. in connection with the community recreation service have been postponed for seven evenings until Dec. 5 have been planned for these houses. In the past these activities have been held on Wednesday and Friday evenings with each varied activities in handicraft, social games, dancing, physical education and others from which participants may choose a program.

Program speakers have been obtaining for the second hour of the each evening. Such topics as Modern Medicine, and Education for Democracy have been suggested as subjects. Several addresses have been planned for the final hour of each meeting.

Expect 125 Attend Youth Conference

United Church young people from all over Northern Alberta will gather here over Thanksgiving week-end for their annual fall convention. Sessions start Saturday night at Jasper Place Institute and will continue Sunday and Monday at Central United Church.

Dr. George B. Caird of St. Stephen's College will be the main speaker of the convention and will give three talks on the theme.

The group, or caucus we hear, Enrichment Group leader, will include the Rev. T. H. Birchall, the Rev. G. A. Laing, the Rev. Alfred Carter, all of Edmonton; Miss Ruth Simpson of Drumheller and the Rev. J. G. Kilner of Grande Prairie. Miss Simpson will lead all singsongs.

On Sunday evening, the Rev. Amos R. Cox of Nashville, Tennessee will be guest preacher at Central United Church. He will also speak at the fireside fellowship the previous evening. Greetings will be heard at the fireside will include Miss Nelda Tuckness, Vermilion; Miss Olive Robertson, and Harlan Green.

Feature of the conference will be the report of Campbell Young, delegate to the World Christian Youth Conference at Ohio. He will speak on Monday following the conference banquet.

Election of the conference executive will be held on Monday and plans will be laid for the coming year's work. It is expected that more than 125 young people will be present for the week-end convention.

Long Time Resident Of City Is Dead

Mrs. F. V. Newsom, 9827 107 Street, died Thursday in a city hospital. She was 76 years old.

Mrs. Newsom had been a resident of Edmonton since 1907 when she and her husband arrived from Charlottetown, P.E.I.

She was born in Charlottetown and married Mr. Newsom in 1909 in the same city.

She was for many years active in the work of the McDougall United Church.

In addition to her husband she is survived by one daughter, Dr. Dora Newsom, and one son, Frank, both of Edmonton; three brothers, Stanley Jost of Britannia Beach, B.C., Victor and George, both of Boston, three sisters, Alice, Kathryn and Elizabeth, all of Boston, and two grandchildren.

A funeral service will be held Saturday at 3:30 p.m. in the Howard and Meriside funeral chapel. The Rev. Wesley Bainbridge will officiate and burial will be in Mountain Cemetery.

Back from England to Make Home Here

Miss Margaret Oldham is shown stepping off the [illegible] to make her home [illegible] A. W. Howe, [illegible] —Photo by Bland

Wartime "Guest-Child" Returns

By DOLORES KIMBALL

[illegible] spent five years in Canada as a guest child and likes Canada and the Canadian way of life so well that [illegible]

Miss Oldham returned to [illegible] on June 30 [illegible] 40 street station [illegible] Miss Oldham [illegible] where people laugh and are friendly, and [illegible] enjoy a special kind of freedom. Margaret returned to a [illegible] we were [illegible] Miss Oldham [illegible] experience is mixed with a [illegible] little [illegible] to [illegible] women [illegible] five years with all the butter, eggs and milk one wants; this young girl found it difficult to readjust herself to the present restrictions of life in England."

Education facilities are more adequate at present in Canada. There is a wider and more varied range of vocational opportunities for [illegible] in this country. Much of her time, during the two years Miss [illegible] to return to Canada, Mrs. A. W. Howe assisted by the Edmonton Soroptimist [illegible]

FIRE AT CALDER

A [illegible] fire [illegible] age to the wood [illegible] a CNR [illegible] ed to have started between the [illegible] coming and [illegible]

Gallico

(Continued from Page 13)

us drop a little bomb on the party or parties responsible. You have to be humble. Special rates to [illegible] Though [illegible] money back. Take advantage of our Special introductory Offer—[illegible] bombed at half price. Bomb the Boss—To great sport. Special Charter Bombers. Take the kiddies along to see the fun. Ask to see our Little Giant Fool Killer. Bombs dropped on weddings, Ku Klux Klan meetings and other public nuisances. Send for our illustrated booklet."

Very Decisive

What I like about the idea is that it is both modern and conclusive. There is nothing quite so completely expressive as a bomb to indicate that the deliverer [illegible] of is displeased or fed-up with something. The gesture is at once comprehensive and final. The more irritable citizens of the Balkan countries have long done their waxing or expressing enthusiasm with packets of black powder or high explosive with fuse attached, but there seems to be an added filip, delight and attraction to tipping the thing over the side of a flying machine and it is this newly-acquired human desire that our little company will cater to with its "Personal Delivery," or "Have-Man-Bis-Own-Bombardier - Depart more." For a small additional fee we fly you over your objective and permit you to press the button yourself.

There must be many facets of our modern life or developments in our civilization that might, with considerable benefit, be subject to this humor [illegible] of criticism. Is the unctuous, phony laugh of the radio announcer obediently guffawing at the witless script and stale jokes being read by the comedian driving you to distraction? A telephone call to Bombs Away, Inc. (Our Pilots and Bombardiers are on 24-hour duty) and he's had it. Never again will your ears be assailed by that greasy titter. I tell you, we're a public service.

Our special Combination Offer to authors is expected to be particularly popular. At no additional cost, our Hollywood branch will bomb M-G-M or Warner Brothers Studios in California at the same moment that our New York outfit is dropping a token on the theatre presenting the turkey that the film company has made of the writer's latest opus. And for only a nominal increase in the fee we will drop a Molotov cocktail on the writer's publishers at the same time.

Political Angle

We figure that our [illegible] partment alone will take care of our overhead. Special rates to Liberal candidates who desire to pay a delicate little attention to the Progressive-Conservative candidate, and vice versa, and FREE, absolutely FREE, service to those both of both parties, intrenched, or desiring something, unpleasant on the Communists.

We expect to pay off the interest on our bonds, the first year with our Landlord's Delight, a new type of incendiary available to Veterans whose landlords have raised the rent, and which cannot be extinguished by crocodile tears.

But we're not trying to tell YOU what you don't like. You know what your peeves are. Save Money By Subscribing to Our Comprehensive Plan All Year, All Weather, All Radius Service with the Big Christmas Bonus of Your Own Bomb on the Kremlin with Season's Greetings Suitably Inscribed.

Bandit Wounded By Police Bullet

LAKEFIELD, Ont., Oct. 11 (CP)—Two bandits, one believed wounded by a police bullet, escaped after an attempt to rob a branch of the Royal Bank of Canada here Friday.

Lakefield is nine miles north of Peterborough.

All doctors in this area have been put on the alert for a man about five feet, eight inches tall, and dark-complexioned who may have a radical slip.

"I am sure I hit one of them because I saw him fall and heard him yelp," said Chief Constable Garnet Samis, who surprised the pair as they tried to jimmy a rear door of the bank. Despite a warning from the chief, they turned and fled.

There just isn't enough "PRESTONE" ANTI-FREEZE

Unprecedented demand . . . shortage of raw materials . . . two straight-forward reasons why dealers must disappoint so many motorists

This season's demand for "Prestone" Anti-Freeze has increased faster than our ability to procure the necessary raw materials and to expand our manufacturing facilities.

Every gallon of "Prestone" Anti-Freeze is being shipped to our outlets as fast as we can make it and at the pre-war price. Not one gallon is being exported—every gallon we sell is branded with the trade-mark "Prestone". There is no shortage of containers—simply a shortage of basic raw materials, combined with a tremendously stepped-up demand from every district in Canada.

On behalf of more than fifteen thousand dealers who are trying to serve their customers, we express their disappointment—and ours—that the supply of "Prestone" Anti-Freeze may not be great enough to meet the demand.

DOROTHY DIX *says:*

Couples Separated By Many Activities

The reason that there are so many divorces and so many unhappy homes is because so many married couples virtually part at the altar and each goes his or her separate way. They don't intend to do it. They don't even realize that they are doing it until they get so far apart that they can't retrace their steps.

During the days of courtship they were bound together by the strongest ties, the same desires and purposes. They could talk endlessly about the state of their affections and never weary of planning the honeymoon cottage they were going to build. But after marriage when they couldn't keep on asking each other "Do you love me" they found they didn't have much to say to each other and that the deadly pall of home silence was settling down upon them, as it does upon so many other husbands and wives.

Probably every bridal couple say to themselves that this can't happen to them. But it can and does happen unless the newlyweds are on the alert. All of us have plenty of friends and acquaintances among married couples who are fine people and technically good husbands and wives, but who haven't even a speaking acquaintance with each other.

The husband is absorbed in his business and his golf and his own friends. The wife has her interests, her church, her clubs, her friends. And neither one knows what the other does, or thinks, or feels. And both miss all that marriage should mean.

All of this is a matter of common knowledge, and why otherwise intelligent people do not start out on their wedding day to cultivate common interests is a mystery of human stupidity that cannot be explained. For all of us know that the tie that really binds us closer to others than any other is having the same objective. And if this is true of just friends and acqaintances, it is doubly true of husbands and wives.

As long as a husband and wife are working shoulder to shoulder to build up their fortune, they are never bored with each other. They never find out that they are not united to their soul mates. They can talk shop together, which is the most interesting conversation in the world to us all because it is the topic we put our hearts in. The wife thrills with pride over her husband's achievements, and he thinks she is a world's wonder because she has such an insight into his plans.

The wife of a man who literally rose from rags to riches once told me that the happiest time of her life was when she lived in a two-room cottage and washed and ironed her husband's one shirt every night so that he might have a clean one to put on the next day. She said that then she was her husband's companion and confidante and a part of all his plans, but since he has become so successful she didn't even know where he was half the time.

Just from a practical standpoint it pays every man to interest his wife in his plans and dreams. Many a wife is extravagant because she has no idea of how much money her husband makes and what she can afford to spend. Many a wife is nagging and fretful and hard to live with because she is jealous of her husband's absorbtion in his business. Many a wife is dull company because her husband never reads or studies with her, or shows any interest in her trying to improve herself.

After all, the secret of every happy marriage is congeniality, and that boils down into the husband and wife being interested in the same thing.

Excuse Me! For a Clear Skin! INNER CLEANLINESS COMES FIRST!

Cosmetics can do much to enhance your beauty. But the true basis of successful make-up is a flawlessly clear skin, which can come only from inner health. And, naturally the first rule of inner health is Inner Cleanliness which Andrews can give you.

If you are troubled with a muddy complexion due to constipation, try taking Andrews Liver Salt first thing in the morning.

Start tomorrow with sparkling, bubbling, pleasant-tasting Andrews. Take it whenever you feel the need of a laxative. Watch that muddy complexion clear up when you are clean inside.

Here's how Andrews does its healthful work:
FIRST . . . Andrews cleans and refreshes the mouth and tongue.
NEXT . . . Andrews sweetens your stomach and corrects excess acidity.
THEN . . . Andrews works on the liver to check biliousness.
FINALLY . . . To complete your Inner Cleanliness, Andrews gently cleans the bowels. It sweeps away trouble-making poisons, corrects temporary constipation.
THE IDEAL FORM OF LAXATIVE!

Opening—♠ 10 11

Boston, who played it in a rubber bridge game at the Boston Chess Club. This is one of the oldest clubs in the United States. It actually was a chess club, but today its members probably are not outstanding chess players. However, some of New England's finest bridge players are enrolled.

In commenting on this hand, Scheuer said he thought that North should have bid two diamonds instead of one spade. Also, he pointed out that East's double was very bad. Remember that at rubber bridge very little is gained by setting the contract one trick, doubled or not doubled. Unless you are positive of setting a hand two tricks, you should not double. If you do, you may give the declarer information that will help him to make the contract. That is exactly what happened in this case.

Scheuer won the opening spade lead in dummy with the king, cashed the spade ace and ruffed the third spade with the five of clubs. He realized that, in order to make the contract, the heart suit had to break. He cashed his four heart tricks, discarding four diamonds from dummy.

Then he cashed the ace of diamonds and ruffed a small diamond in dummy with the deuce of clubs. Dummy's fourth spade was led, East was forced to ruff with the seven of clubs, and Scheuer over-ruffed with the eight. He then led the ten of clubs, and all East could do was to cash the ace and king. The last trick was won in dummy with the club jack.

M.P.'s Here

(Continued from Page 13)

Britain's economic difficulties is to stop building new towns in that country and build them near the source of our great natural wealth in the Commonwealth," the British MP said.

Only governments can do the necessary job. Britain cannot afford to foster an emigration scheme which mainly appeals to the young men and which would add the burden of an aging population to the workers who remain.

THE SCHEME MUST encourage whole families and communities to leave the country. Old men, young people and children and must be organized on a scale comparable to "D-Day" preparations. Social security must be guaranteed to those who emigrate, to be at least equal to that enjoyed in Britain," he pointed out.

Britain is unique among the nations inasmuch as she can feed only half her population from home production and must buy the balance through the export of manufactured goods.

As early as 1936 the present crisis began to develop, when Britain commenced to sell overseas assets to buy food. In other words she started living on her capital.

In 1938 Britain had a trade deficit of $55,000,000.

This and the following articles are taken from the Book of Knowledge and can be clipped for saving in a reference book.

HOW DID FATHER DIVIDE GARDEN?

A man who was a merchant in the city decided to live a little way out in the country, where he could have a larger garden than could be obtained in town. After looking about, he found a very nice house with a fine garden. The house stood on one quarter of the ground, as seen in the picture. The merchant bought it and soon moved with his family to the new home.

He had two sons and two daughters who were all fond of garden-

Before garden was divided.

ing. They asked their father to divide the garden among them and to allow them to cultivate it. He readily agreed.

The answer is on page 23.

He said he would divide the garden into four parts of equal size and equal shape. The boys and girls could not see how their father would be able to do this, because the garden was such an awkward shape that it did not seem at all easy to divide it as he said. But the merchant did it. How was the garden divided?

* * *

A Simple Home-Made Tent.

This home-made tent was set together by two boys whose homes were separated only by a backyard fence. First they secured four strong poles, each of which was a few feet longer than the height of the fence. Two of these posts were set upright in the ground on one side of the fence about 8 feet from the fence. The other two were placed on the other side in as nearly the same position as possible. These posts were to serve as the framework for the tent that was to be erected.

Now they hunted about until they found some old canvas. They cut this down to the right size and then securely nailed it to the posts, thus forming a top or roof. Next [illegible] they cut into straight curtains for the sides of the tent. Strips of wood were placed in the hem of the [illegible]

Obey Rules Of Safety When You Bathe Baby

The daily bath—when baby kicks his legs and splashes in the water—is often the most delightful part of his routine.

The mother who keeps the rules of safety in mind will feel more confident and enjoy the bath as much as her wriggling offspring.

Make sure the tub is on a solid support and cannot fall, never put baby in the tub while it is on a stove or heater.

Make certain the bath water is tepid since hot water will burn delicate skin. . . and never leave baby alone in the tub.

Don't use a toothpick or any sharp instrument to clean nose or ears no matter how well you have covered the implement with cotton.

Safety pins should be placed out of reach and you should support the neck and back of a young baby when he is not lying flat.

Most important: a baby covered with soapsuds is a slippery little rascal. Hold him firmly so he cannot squirm out of your hands.

The items you need for an oil bath as well as soap and water bath are listed in our Reader Service booklet No. 203. Chapters on baby's clothes, food, sleep and toilet habits.

Send 30c (coin) for "Baby Care" to The Edmonton Bulletin, Reader Service, 60 Front St. W., Toronto. Print name, address with zone, booklet title and No. 203.

Says U.S. Makes 80 Atom Bombs Yearly

WINNIPEG, Oct. 11. — (CP) — Ernest L. Thurn of Cleveland, O., Thursday told a Winnipeg scientific gathering that the United States is estimated to be making 80 atomic bombs a year and that Russia, though top priority has been given to atomic research, yet has produced none. Defence research in the field, said the editor of the metallurgical publication Metal Progress, had brought scientists to the point where they could detect aircraft bearing atomic weapons. They still had to learn how to intercept them.

Brewers President

WINNIPEG, Oct. 11.—(CP)—T. M. King of Winnipeg yesterday was elected president of the Master Brewers Association of Western Canada. E. S. Zorek and G. Waddell, both of Vancouver, were named vice-presidents.

Why Grow Old?

Give careful thought to what you put on your feet and legs. Actress Joan Winfield selects sensible heels. Select your heels to suite your height and the effect you want.

By Josephine Lowman

Is there a heel in your life? Shoes now have such varied heels that there is a "heel" for every occasion, for every human relationship problem and for every necessary in health and comfort!

A feminine reader has brought up the question of heels as related to the height of one's husband. She tells me that they are the same height and that she is much taller than he when wearing high heels. She cannot become accustomed to low heels for dressup occasions and asks for advice.

I think this is an individual matter and depends entirely on how

RUPTURE RELIEF
PAINFUL TRUSSES ABOLISHED

Your Baby and Mine

By Myrtle Meyer Eldred

The capacity of the baby for food is often an amazing one. It is my belief that when a mother has to wrestle with formulas herself instead of having them advised by a pediatrician, her tendency is to give too little food. Then she wonders why the baby is forever crying and restless.

Even at birth the baby on a formula can take from six to seven ounces of evaporated milk, or twelve to fourteen ounces of fresh milk, with boiled water to make 18 to 21 ounces. In addition, there will be from two to two and one-half tablespoons of corn syrup or cane sugar and double this amount of maltose.

It doesn't make much difference how many times a day the baby is fed, provided he gets this amount of nourishment daily. The amount of milk and sugar the baby gets is the important factor, the water is added to make the milk more easily digestible and to supply the baby's fluid needs. He couldn't take enough undiluted milk to provide these.

The amount of food will be increased every week or two as the baby gains weight. Added pounds demand added nutrition and the mistake so many mothers make is to keep on giving the same formula with which the baby came home from the hospital.

It should be natural for any well-fed baby to eat fewer and fewer times during the 24 hours. And this means that the right amount of milk, sugar and water will make for larger and larger amounts in the bottle. Babies of three months may be taking seven or eight ounces per bottle, but taking it only five times daily... instead of smaller amounts taken six or seven times daily.

It remains for the parent—if the doctor is not in charge—to have some understanding of what the baby needs, and then to increase the milk and sugar in the formula to provide those needs.

The baby looks so small that many a mother is deceived as to his real capacity and keeps on serving portions of formula she thinks are suited to his age only to discover her baby unhappy and dissatisfied with them.

Don't be afraid of food. The baby has sense enough to stop eating when he's had his fill. If he keeps draining the bottle and looking for more to eat, it should be obvious that he isn't getting enough.

Our leaflet No. 22, "Formulas and Early Feeding" may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of The Edmonton Bulletin.

Church Gets Altar But Not "New Hotel"

AUBURN, Me., Oct. 11.—(AP)—Judge Armand Dufresne ruled Friday that Mrs. Josephine Fortier had willed St. Mary's Roman Catholic church an altar—not an hotel. The will written in French provided that half the residue of her estate be for purchase of "a new hotel" for the church. Judge Dufresne held that Mrs. Fortier had intended that the will provide an "autel." French for altar, which in that language is pronounced similar to "hotel."

City Radio Station Seeks FM Licence

OTTAWA, Oct. 11.—(CP)—The board of governors of the CBC announced yesterday that four additional privately-owned stations have applied for frequency modulation broadcasting licences and that other stations have applied for emergency transmitter licences. So far 12 private stations have been authorized to install FM transmitters which emit stainless, high-fidelity broadcasts. New applicants for such licences are CJIC, Sault Ste. Marie, Ont., CFPA, Port Arthur, Ont., CFPR, Edmonton and CJOB, Winnipeg.

Say Himmler Sent Jews to Sweden

NEW YORK, Oct. 11.—(AP)—A World Jewish Congress official said yesterday Heinrich Himmler permitted shipment of thousands of Jews to Sweden during the war because he thought United States Jewish groups could save him from a war crimes trial.

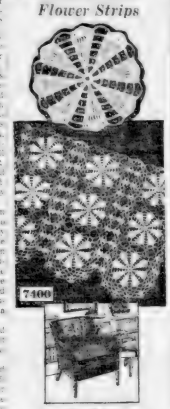

The spokesman, Hillel Storch, Swedish chairman of the World Jewish Congress, said at a press conference that Himmler, Nazi Gestapo chief, was reached through a 34-year-old Estonian Jew who lived in Stockholm and went to Germany every two months to treat Himmler for a stomach ailment.

Himmler agreed to send 4,000 Jews to Sweden in 10 small vessels starting April, 1945, Storch said, and was later persuaded not to kill 75,000 Jews marked for slaughter in concentration camps.

He said the negotiations were joined by the United States Embassy in Stockholm and the Swedish government and that the Nazis were persuaded that "they could hold the 75,000 Jews as hostages in bargaining with the Allies."

Madeleine Watson Tye Bride At Holy Trinity Church

Holy Trinity Church was the setting for the wedding Friday of Miss Madeleine Watson Tye, [illegible] of Mr. and Mrs. Howard W. Tye of Edmonton, and Dennis W. Pierson, son of Mr. and Mrs. O. L. Pierson of Jefferson. The Rev. Canon Winston M. Nainby performed the ceremony. Herbert Wild played the wedding music.

Given in marriage by her father, the bride wore a gown of ivory faille fashioned with a full skirt gathered to a basque bodice having a deep net yoke trimmed with seed pearls in floral design. Her headdress was of pearls and she carried a white prayer book with [illegible] and stephanotis streamers. A pearl necklace, gift of the bridegroom was her only jewelry.

Sister of the bride, Miss Ruth [illegible] Tye was bridesmaid and wore a gown of primrose yellow sheer, matching halo headdress and carried a colonial bouquet.

Best man was Clinton Pierson, brother of the bridegroom, from Grande Prairie.

Mrs. Tye chose for her daughter's wedding a turquoise blue crepe dress with a black feather hat and a corsage of roses. Mrs. Pierson, mother of the bridegroom wore a black crepe frock trimmed with sequins, a gray hat and a corsage of American Beauty roses.

After the ceremony a reception for the immediate families was held at the home of the bride's parents, where the rooms were decorated with chrysanthemums and the bride's table was set with a lace cloth and centred with a three-tier wedding cake, flanked with lighted tapers. Canon Nainby proposed the toast to the [illegible].

Before taking up residence in Calgary, the couple left for a [illegible] the mountains, the [illegible] travelling in an autumn [illegible]. Mouton lamb fur [illegible] brown accessories.

[illegible] Tye of Ottawa was an out-of-town guest.

Mr. and Mrs. Dennis W. Pierson, who were married Friday at Holy Trinity Church. The bride is the former Miss Madeleine Watson Tye, daughter of Mr. and Mrs. Howard W. Tye of Edmonton, and the bridegroom is a son of Mr. and Mrs. O. L. Pierson of Jefferson.

Jean Twiss Honors Class

Miss Jean Twiss, teacher of Grade 4, University Elementary School was "at home" to parents of her pupils in her classroom recently. Mrs. W. MacDonald poured tea to 40 guests assisted by Mrs. A. J. Cook.

In speaking to the mothers Miss Twiss said:

"If the parents and I work together, our one aim being the happiness and highest possible development of the child, we can produce the kind of citizens Canada so much needs today."

Quoting from the address of Hon. R. E. Ansley, minister of education, to the teachers convention at Peace River, Miss Twiss said:

"In the present world struggle between two ways of [illegible] natural laws, which are the laws of God. He must learn to tune in on the source of knowledge. The department of education encourages teachers to make [illegible] better living."

Then Miss Twiss gave stories [illegible] this citizenship training.

Speaking of world [illegible] Miss Twiss said: "I feel [illegible] ing of education today in terms of the atomic bomb. The answer to the atomic bomb is human relations, and the answer to human relations is people becoming different. The only way we can get peace, is that we as individuals care enough to become different ourselves and live peace—not only talk it and want it."

M. W. MacDonald, principal of the school, said that in this classroom he had seen the quality of teamwork which is essential to the enterprise system of education. Mr. MacDonald invited the parents to visit Miss Twiss's classroom and to sit in on this citizenship period.

A vote of thanks was given to Miss Twiss on behalf of the parents by [illegible].

McQueen-Petch Vows Pledged

A wedding of interest has united members of two old time families of Western Canada. Friday, Mrs. Etta Manuel Petch and James McQueen, both of Edmonton, were married quietly at the home of Mrs. D. G. McQueen, 9912 104 street, by the Rev. K. C. MacLeod.

Mrs. Peach, formerly Miss Etta Manuel, is the daughter of the late Mr. and Mrs. George Manuel. Two brothers, Capt. J. G. Manuel, DFC, and Lt. V. C. Manuel were killed overseas in the First Great War. Mrs. Petch is well known in Alberta musical circles.

Mr. McQueen is the eldest son of the late Rev. D. G. McQueen, DD, LLD. He served overseas in the First Great War with the 49th Battalion Edmonton Regiment as a [illegible] Princess Patricia's Canadian Light Infantry in Sanctuary Wood, June [illegible].

They will reside at 10542 [illegible]

[illegible] J. A. Harley and Mrs. W. H. Wil[illegible]

Notice of Public Hearing

DEATHS

REBERTA GAIL HANCHER

ON Oct. 10th Reberta Gail Hancher, 10 year old daughter of Mr. and Mrs. Roe R. Hancher of Westlock, Alta., passed away. She leaves to mourn her loss, besides her loving parents, one sister, Elaine and one brother Wesley, both at home. Her grandparents, Mr. and Mrs. Fred Ruiter, Victoria, B.C. and Mr. and Mrs. Frank Hancher of Leedale, Alta. Funeral services will be held at Foster and McGarvey's Chapel, Tuesday afternoon at 3:30 o'clock. Mr. N. E. Tanner will officiate and interment will be in the Beechmount cemetery. Foster and McGarvey Ltd., Funeral Directors.

SCOTT HASTIE

ON Oct. 10 Scott Hastie of suite 3, 10014 102 Ave., passed away at the age of 65 years. He leaves to mourn his loss his wife and one son, Peter of Red Deer; 3 sisters and one brother, Mrs. Kate Simpson of Sylvan Lake, Miss E. Hastie, Mrs. Mary Laing and John Hastie, all in Scotland. The deceased was Acting Director of Housing in Edmonton. The Funeral will be held Tuesday afternoon at 2 o'clock at Connelly, McKinley's Funeral Home. The Very Rev. Dean A. M. Trendell will officiate and interment will take place in the Edmonton cemetery. Connelly, McKinley Ltd.

GERALD VERNON STENSRUD

ON Oct. 10, Gerald Vernon Stensrud of 11528 124 St., passed away at the age of 20 years. He is survived by his mother and father, Mrs. and Mrs. G. Stensrud his maternal grandparents, Mr. and Mrs. W. G. Curtis of Edmonton. Funeral services will be held Tuesday October 14 at 2 o'clock from Andrews McLaughlin Funeral chapel, corner 112 St. and Jasper Ave. Rev. E. S. Ottley will officiate and interment will take place in the Edmonton cemetery. Andrews McLaughlin, Funeral Directors.

THIEF FALLS IN TRAP

When Johnson Forteta, a school boy of Warri, Nigeria, lost his purse and money, he suspected a man who had been standing near him. He got a friend to fill a purse with sand, put it in his hip pocket, and stand in front of the suspect. The thief fell into the trap and when he was arrested, Johnson's purse was found.

Domestic air lines in India have suspended night flying during the monsoon season.

EDMONTON LIVESTOCK

Stockyards receipts for week: cattle 798, calves 212, hogs 512, sheep 601.

The Edmonton cattle market was fairly active, throughout the past week, under a very light run. The bulk of the sales were to local butchers and country feeders at about steady prices. Despite the sharply decreased demand and limited outlet, salesmen made a good clearance. The local labor situation remains unchanged; farmers and shippers are again advised to contact their selling agency before shipping.

Choice steers traded from 13.50 to 14.00 per cwt. The bulk of the good to choice butcher heifers sold from 11.50 to 12.50 per cwt., with the odd extreme top at 12.75 per cwt. The cow market held steady. Good cows selling from 8.50 to 9.50 per cwt., and a few light heifers kinds topping 10.00 per cwt. Bulls sold from 7.00 to 9.00 per cwt.

The following are the quotations: Choice fed calves, 13.00 to 14.00; choice steers, 13.50 to 14.00; good steers, 12.75 to 13.25; medium steers, 11.25 to 13.50; fair steers 8.75 to 11.00; common steers 7.50 to 9.50; choice heifers 12.00 to 12.50; medium heifers 9.75 to 11.25; fair heifers, 8.25 to 9.50; good light cows 8.75 to 9.50; good heavy cows, 8.25 to 9.00; fair to medium cows 7.00 to 8.00; commons cows, 5.75 to 6.75; canners and cutters, 4.00 to 5.50; bulls, 7.00 to 9.00; good heifers, 11.50 to 12.00; common heifers, 7.00 to 8.00.

Stockers and feeders were in strong demand. Prices were from 9.00 to 10.50 per cwt., for good steers. Short keeps of good breeding up to 11.00, plain steers 7.50 to 9.00, stock heifers 7.00 to 9.50.

Veal calves: choice handyweights 12.00 to 13.00 per cwt. Heavy calves 8.50 to 12.00, plain and common kinds 6.50 to 8.00 per cwt.

The hogs market unsettled, due to a very limited outlet, last sales grade A for shipment 21.75; local [illegible]

The sheep and lamb market was also unsettled. Last sales were good to choice handyweights 12.[illegible] to 13.75 per cwt., medium 10.00 to 12.00 [illegible] 4.50 to 6.50 [illegible] 4.00. Feeders in limited demand from 7.00 to 9.00 per cwt.

—J. E. Fetherstonhaugh

Note. Monday, Thanksgiving Day [illegible]

not much change in prices from last week.

A light run at Toronto was sold at an advance of 25 cents. Demand for cattle was keen and a good clearance was made by the close. Weighty steers brought 13-15 and the best of the butcher steers up to 14.50 and an odd 15. The Toronto market will be open on Monday, Thanksgiving day.

With the two largest Montreal packing plants closed, receipts continued to arrive in fairly large volume, with the result that some carryover was necessitated. Trading was slower toward the close and prices slightly easier. Good steers were brought at 14-14.50 and good cows at 10-11 and an odd 11.50. In the Maritimes no quotations were available.

Marketings of cattle are still being affected due to the strike situation. Only one small plant was operating in the Winnipeg area but eastern orders fairly well took care of deliveries. One lot of desirable steers sold at 14.75 but most good steers were priced from 14 down, with good cows 9.75-10.25 and replacement cattle meeting a dependable outlet with fleshy feeder steers making 12-12.25. Calgary, with only a small supply on hand, was generally steady; while Edmonton quoted best steers at 14; Prince Albert 12; and Vancouver 13.50 at the close.

Not much change was shown in calf prices. Toronto had a good market at 16-16.50 for choice veals, while Montreal paid up to 16, Winnipeg 14-15; Calgary 12.75; Edmonton 13; Regina 13 and Vancouver 13.50-14.50.

Some price reductions were experienced in hog prices at Toronto but final sales were made at 21-22.50 for grade A. At Montreal most of the supply was shipped to small butchers and prices finished at 21.25-21.50 for grade A. Small lots of hogs were sold at Winnipeg at 17.50 alive or the equivalent of around 23 dressed, while Calgary had no hogs sold on the rail grade, but Edmonton paid 21.75 for shipment and the Maritimes 23.75.

The above prices do not include the dominion government premium of $2 a head on grade A and $1 a head on grade B-1 hogs.

Toronto was steady on lambs at 1[illegible] for good ewes and wethers, while Montreal was 13-14 and an odd 14.[illegible] Winnipeg was not established due to strike conditions. Calgary was up to $12.50, Edmonton 12.75, Regina [illegible] and Vancouver 13.[illegible]-14.[illegible] Lambs were quoted on the dressed basis in the Maritimes at 31.75 for Grade A.

LIVESTOCK REVIEW

OTTAWA, (CP)— The packinghouse strike seriously curtailed livestock markets this week, the agriculture department reported in its weekly livestock review. There was [illegible]

BELL AUCTIONS

Nova Scotia Fishermen Boat Big Tuna For Canning Plant

Three husky Nova Scotia fishermen struggle to bring aboard this large 800-pound tuna they netted in the well-stocked fishing grounds off the Atlantic coast. The huge fish will be taken to a Nova Scotia commercial canning factory.

47 Carlots Of Eggs Sent Via Panama

During the week 47 cars of eggs stored under the fall contract moved to the Pacific coast for shipment overseas. This practically completes the movement of eggs under the fall contract for the present season. All egg prices remain unchanged at Edmonton.

The egg market has undergone no material change since last week. Egg receipts as marketed through registered egg grading stations in the province show a decrease of 3.2% from last week. Egg quality is recorded at 64.03% grade A, as compared to 61.8% for last week.

The market is strong to firm on all grades, with all surplus grade A eggs moving to seaboard for export and surplus grade B moving into local drying channels. While [illegible] ... of this week. During the week [illegible] carlots of current receipts of grade B eggs moved into local drying channels.

Other shipments were confined to [illegible] ... ern projects.

Grain Prices

WINNIPEG GRAIN

WINNIPEG.—The week-end session was quiet and the rye futures closed from about one to two cents lower.

The market opened slightly higher, fell away and rallied somewhat near the close. October closed [illegible] down at 3.77½; Dec. off 1⅛ at 3.67⅞; May rye down 2⅛ at 3.52¼; and July 3.29 for a loss of 1¾. Cash rye closed at 3.77½.

CHICAGO GRAIN

CHICAGO — The Saturday session of the grain exchange reflected strength in corn while wheat futures rose about a cent. December wheat closed at 2.93-½ and Dec. corn at 2.28 for a gain of 3¼ cents.

First prize for a clay pigeon shoot at Braxted Park, England, was $20—or a bottle of whisky.

To Celebrate Anniversary

On Sunday and Monday, McDougall United Church will celebrate the 76th anniversary of its founding. Special services will be held on Sunday, and Monday will be featured by the anniversary dinner.

Triplets Born

NEW ORLEANS, Oct. 11—(AP)—Triplets, weighing approximately one pound each, were born to Mrs. W. Goggin here Thursday. The infants, all girls, were born three minutes apart. The infants were two months prematurely, have little chance to live.

Rap Communists In Australia House

By LESLIE BRODIE

CANBERRA, Oct. 11. — (CP) — Opposition members continued their attack on the Communist party when debate on the 1947-48 Australian budget resumed today in the House of Representatives.

John McEwen, deputy leader of the Country party, followed last night's strong attack by both government and opposition members in saying that the ultimate objective of the Communists is embraced the destruction of Australian ideals.

McEwen read extracts from a pamphlet which set out what he termed the objects of the Communist party. They were seizure and control of all trade unions and paralysis of the country's economy, use of the coercive powers of unions to attack the religious, sectarian and political beliefs of the people, a general strike and revolutionary action.

The PULP & PAPER WORKER

THE NICKEL WORKER

depend on each other

SINCE 1921 when the International Nickel Company's research and development program was begun, millions of booklets, bulletins and brochures have been sent out to the various branches of industry to [illegible] them about new ways of achieving greater efficiency and economy through the use of Nickel. The thousands of tons of paper used in this way have been an important factor in multiplying the sales of Canadian Nickel over and over again.

The pulp and paper industry uses tons of Nickel in valves and other equipment exposed to corrosive substances. Nickel alloys are also used in parts where strength and wear [illegible] The mining, smelting and refining of the Nickel required by the pulp and paper [illegible] to the [illegible] The distribution of huge quantities of printed matter to increase the use of Nickel creates employment in the pulp and paper industry. Each and every industry in these countries [illegible] ment in [illegible] No matter how we [illegible]

Pressing on with the development of Canada's Nickel Resources

CANADIAN NICKEL

THE INTERNATIONAL NICKEL COMPANY OF CANADA, LIMITED, 25 KING STREET W., TORONTO

Major and Minor Notes

By John Oliver

NEXT Friday at 8:30 p.m. in McDougall United Church the heavy guns of the musical world will begin to unlimber. The occasion is the opening recital of the current season's Celebrity Concert Series, sponsored by the Women's Musical Club, and the scheduled soloist is Robert Kitain, violinist. Mr. Kitain is one of the younger, and probably one of the lesser known, of the world's major contemporary violinists. Yet he has won for himself a firm place in the affections of music lovers on both sides of the international boundary. Last season, he appeared in Winnipeg and gave a splendid account of himself. No doubt he will do likewise here. There always is an atmosphere of excitement and expectation about the new season's Celebrity Series. This year, with a group of artists that seems equal to the best in previous seasons, the series has kindled an even more widespread interest than heretofore.

JOHN OLIVER

Mr. Kitain will play a different program, widely varied in musical content, schools and nationalities represented. It is as follows: Sonata, "Devil's Trills" Tartini; Concerto in D Major, Paganini; La Sentinelle (Contemporary Canadian composer); Spanish Dance from "La Vida Breve" de Falla; Danse de Lilas, Debussy; Berceuse, Stravinsky; Danse Russe from "Petrouchka," Stravinsky. At the piano will be Valentin Pavlovsky.

ON MONDAY, Oct. 20, the Women's Musical Club will begin its second regular meeting of the season. It will be at the Masonic Temple at 8:15 p.m. and it will take the form of a joint concert by Miss Ramsay, soprano, and Joan Gabriel, pianist. The event is partly sponsored by the Women's Musical Club and partly by the Registered Music Teachers' Association, with which Miss Ramsay is associated.

Miss Ramsay is a Winnipeg girl, 19 years old. She began her musical career at an early age, has appeared in local concerts and broadcasts, gave a most outstanding performance in the Festival of Music, and was one of the successful contestants in the Kiwanis Festival. Winner of the Lieutenant-Governor's Medal, she has been a pupil of Mrs. Gertrude Huntington Smith, and has been awarded a scholarship to the Banff School of Fine Arts. She has had a number of appearances in Winnipeg, including one over the National Network of the CBC, and is a member of the Manitoba Registered Music Teachers' Association.

Miss Gabriel is from Regina and is 20 years old. She has a wonderful list of accomplishments, including many years of piano study, a number of successful concerts, and a scholarship to the Banff School of Fine Arts. She has been a pupil of Mrs. Ethel Hart, of Regina, and of Miss Agnes Snyder, of Winnipeg. She has been a member of the Manitoba Registered Music Teachers' Association and is a member of the executive of the Regina Women's Musical Club. She has had a number of appearances in Winnipeg, including one over the National Network of the CBC, and is a member of the Manitoba Registered Music Teachers' Association.

Miss Gabriel is from Regina and is 20 years old. She has a wonderful list of accomplishments, including many years of piano study, a number of successful concerts, and a scholarship to the Banff School of Fine Arts. She has been a pupil of Mrs. Ethel Hart, of Regina, and of Miss Agnes Snyder, of Winnipeg. She has been a member of the Manitoba Registered Music Teachers' Association and is a member of the executive of the Regina Women's Musical Club. She has had a number of appearances in Winnipeg, including one over the National Network of the CBC, and is a member of the Manitoba Registered Music Teachers' Association.

This is the first season of Celebrity Concerts for the Edmonton Women's Musical Club, which is one of the Celebrity Concerts Corporation's 200 affiliated clubs in the United States and Canada. Other artists in the series will be announced later.

Heads Forum

Bernt Owren president of the Edmonton Music Forum, has commenced its new season.

Young Artists Will Appear Here

JEAN RAMSAY

JOAN GABRIEL

Above are two young artists who will appear at the regular meeting of the Women's Musical Club in the Masonic Temple at 8:15 p.m. Monday, Oct. 20. Miss Ramsay is a soprano, from Winnipeg, and Miss Gabriel is a pianist, from Regina.

scenes. It shows Joan standing at the stake, seeing as in a vision, successive events in her life.

The spoken title role was originally performed by Ida Rubinstein. Miss Zorina heretofore has been known mainly as a ballet dancer of top notch ability. Her appearance with the select Philharmonic under the baton of Mr. Munch, on the first Sunday in January, will be eagerly awaited.

REGARDING the mention in this column last week of Clarence Lucas, distinguished Canadian musician who died recently in Paris, I was pleased to receive a phone call from Beatrice Crawford, one of this city's outstanding musicians and teachers, concerning the information that on one occasion she had attended a recital by Mr. Lucas, assisted by his wife, at Grimsby, Ont. She felt that there must be other former residents of Hamilton, Toronto and other points along Lake Ontario who may have heard Mr. Lucas.

RANDALL STEVENS, distinguished British baritone, who is making an extended stay here —and who may stay permanently— is planning to commute between here and Vancouver and one and Winnipeg to give concerts and broadcasts.

When he makes his appearance with the Edmonton Philharmonic Orchestra at its second concert he will be heard in three opera arias, namely, Toreador Song from Mozart's "Marriage of Figaro," Figaro's Aria from Rossini's "Barber of Seville," Evening Star from Wagner's "Tannhauser" and Deh Vieni Non Fiinestra from Mozart's "Don Giovanni."

Sunday Soloist

Betty McCaskill, Edmonton lyric soprano, who will be a soloist at the Thanksgiving Festival of Sacred Music at Knox United Church at 7:30 p.m. Sunday. Others taking part will include Mrs. William McLelland, Mrs. Donald Simms, W. H. Smith, R. Smith and Lenox Buchanan.

Premier to Speak To Public Meeting

"Three Steps to Prosperity" will form the theme of a talk by Premier Ernest Manning at a public meeting to be held in the Masonic Temple, Tuesday, according to an announcement by Edmonton Social Crediters. Friday. The premier will outline the steps he thinks should be taken to overcome the rising cost of living. Hon. A. J. Hooke, minister of economic affairs, will also speak on "The Tourist Industry."

Father, We Thank Thee!

Father, we thank Thee for the night,
And for the pleasant morning light;
For rest and food and loving care,
And all that makes the world so fair.

Help us to do the things we should,
To be to others kind and good;
In all we do, in work or play,
To grow more loving every day.

A LATE SUPPER

THE Teenie Weenies have a great fear of unlighted matches. They wouldn't touch an unlighted match for anything but burned matches which have been struck by big folks are very welcome to the little people. Burned matches make wonderful kindling for starting fires in the Teenie Weenie stoves and the little people gather every burned match they can find.

One day the Cowboy reported that he had seen an ash tray with a lot of burned matches in it on the back porch of one of the big houses near the Teenie Weenie village. The General told the Sailor, Gogo and the Dunce to go and get the matches, as the village was short of kindling. "Don't touch any matches that haven't been struck," the General warned. "They are very, very dangerous."

The General really didn't need to warn the three Teenie Weenies, for they all knew how dangerous fire is and none of them would ever think of touching an unstruck match. But they didn't touch the burned ones either that day, for the three little chaps decided to go fishing instead of collecting matches.

"The fishing ought to be good today," the Dunce argued. "We can get those matches in the morning. Let's go fishing."

Although they fished all afternoon they never caught a single minnow. It was nearly supper time when the three fishermen came home and to their great concern they found the Policeman awaiting them.

"You fellows come with me," the Policeman ordered. "You'll have to get those burned matches before you get any supper. Get some string to tie them into bundles, for you'll have to carry them back to the village. It's too late to get the chipmunk to pull the cart."

When they arrived at the ash tray the Dunce and [illegible] in, pulled out the burned matches and threw them to the Sailor, who tied them into bundles for carrying. The little men found 31 burned matches in the ash tray. These made three bundles of nine matches each and the P[illegible] agreed to carry the four extra matches. A bundle of nine is about all a Teenie W[illegible] carry.

It was quite dark when the [illegible] the shoe house but the Cook had kept [illegible] warm and the hungry Teenie Weenies lost no time eating half a thimble of soup and nearly a [illegible] baked bean.
